HEALTH FOR THE BABY

The baby of to-day is the man or woman of tomorrow. The success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world in a few years. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elginburg, Ont., writes:—"I have a fine healthy boy of three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
