Downingville 13th May, 1835.

sake of the little patch of woods in the furder corner next cousin Joels, Abel Ketchum's older son Silas has gone in the speckelation all holler has got a bond from his father of the alder swamp above the kearding machine, machine and all, in fact Downingville is all bonded and sold out, since I showed my letter they are all a hy for down east and they heard that some grate marchants were goin to cut out a road to Woodstock and that the governor wos goin to give the lands for settlers and wood survey the road if the people would make it, uncle Ethan says he will take his team but them plaged dootys is too hy, the Deacon says he knows the Governor and them other folks would give them lands arter the road is cut so poor folks can settle on them, aunt Serepta vows she will not go

Cosin Sol, I kind of think more an ever weel be down as we can be made British subjects very easy, and maybe the Deacon uncle David Downing can get into office and if we can get our land in a square, we will call it East Downingville. Let me hear from you agin, and tell me how the focks are of for Garden Seeds; uncle Josh has got

Ruta Baga-Sweedish Turnip-Turnip-different names applied to the same vegetable, was introduced into this country since the commencement of the present cenfrowned upon by the generality of our farmers. It soon however got into good company by the influence of Messrs. Lowell, Prince, the northern than in the southern sections of set affoat.

4 40 0

them other folks would give them lands arter the road is cut so poor folks can settle on them, aunt Serepta vows she will not go down east cause she lost her sassagers and socks arter taking so much pains to make sent em to get money to pay the first payment on the bond from Abli Ketchum's farm; there is some hints about that she is consarried with Silas in the spekolation.

Downingville is all in a buz arter reading your letter about them are spruce trees, and mill priviliges are bewitching things I tell you, and uncle Ephrim says them are dooty's on flower will cum off in spite of all the luxurys in the world, and them there whalers whare they have so many men, uncle Zeke says they have so many men, uncle Zek

and a great deal other sass to carry with em, but the Majer came along and said he would tell jist what they wanted and so he pulled a shingle out of a bunch on Jonathan Bussills cart, and then he figgured all over one side is a good distance for the rows apart in this cart, and then he figgured all over one side and then the tother side and took another wide shingle out of the top of the bunch, this made Jonathan mad and he swore he shuddent have another, auter he figgered all over the wide shingle, he give it and the tother one to Master Jonson to add up and next Saturday arter schule he will tell what it amounts
too.

The most of with snade. My general said, it shall be the duty of such Surveyor, within six days after such neglect or refusal too.

643 12 21-2 very great scale, and we need scarcely say, that should a small or even an averaged sized Fleet arrive this spring, freights will rise to such a height as to affect materially the prices of all descriptions of lumber.

THE PRESENT PARLIAMENT.

A Play upon Names.
The present House of Commons can hard-£1298 1 41.2 is certain that in it is Adam, to distinguish between good and evil. Hope, that comes to all, also comes to the present Parliament. solitary Plumtre remains. There is a Wood, with a Forester, and it is adorned with a Loch and two Blackburnes, while to vary the scene, there are two /Hills, a Cave and a Grote. The whole has several different Barings, and two Tyntes On the middle be our great staple, and hereafter supply fac-tories, standing, where now is heard only the rushing of waters and hootings of the night birds!!! Dear Loving Cousen Sel.

Dear Loving Cousen Sel.

I got your letter tother day from uncle

Ethan who told me he got it from Sith Gard

resteamster that had been down to Sackarap

with a load of birch brooms and some yalter

turnips. I cuddint make it all out and so got

Master Jonson to read it to me arter he cum

much to make it out, according to your letter

much to make it out, according to your letter

much to make it out, according to your letter

much to make it out, according to your letter

make money in them Provinces, but I'll be

darned if it comes up to Downingville yet,

make money in them Provinces, but I'll be

darned if it comes up to Downingville yet,

much comes and some yet aspertatined,

much comes and some yet aspertation on with and East. There is a fort, clerk, and East. There is a Kirk, with a Chaplin,

much comes and East.

There is a fort, clerk, and a Beill.

There is a Bairline darned if it comes up to Downingville yet, why Sol, the Land Speckelation is enuff to make us all sick, you dident hear that uncle Zeke had bonded his farm and all for the sake of the little patch of woods in the furder than 1350 on an acre and a half and on a part of the field more than 1100 bushels spirates may feed upon Rice and Peas, or squeeze a Lemon without dread of Cookes. There are two Prices, but both are moderate. There is also a Hogg to be had when wants by the Mass. Ag. Society.

planting, and I am not quite sure it is not as good a way. It sayes one hoeing, which is as much work nearly, as to transplant, and a justice of the Peace against every such dethe roots are more uniform in size. About linquent; which Justice shall, on conviction, one pound of seed is the right quantity to the adjudge every such delinquent to ray the sum acre—this will allow the insects a liberal supply and a chance to transplant into vacancies glected to appear and labour, together with Subsequent Culture.—When the weeds costs of suit, to be levied by Warrant of disbegin to annoy the plants, which will be the tress and sale of such offender's goods and plenty, and master Jonson says there is no dooty on em.

Your loving Cousin,

Moses Downing.

Your loving Cousin,

Moses Downing. his race, thin the plants, so that they may stand from 9 to 12 inches apart, and fill vacancies by transplanting, first twisting off all for a space not exceeding Six Days; and if the large leaves from the plant. Not one in any person who shall appear agreeably to a hundred will fail. When the weed appears such notice, and being under the direction of again, loe. In general two hoeings are suf- such Surveyor, shall refuse or neglect to work, or shall not work in such manner as to satisfy such Surveyor; shall refuse or neglect to work, or shall not work in such manner as During the past winter, an immense quan- to satisfy such Surveyor, he is hereby em-Buel, Derby and others, and maintains its straight for timber has been cut down in the standing among the more intelligent agriculture woods of Upper Canada, and nearly the and shall forthwith make complaint against turists in N. E. and the Northern States .- whole of it as well as what was left over from him to some one of the Commissioners, who Like other kinds of turnip it does better in last year, has been successfully got out, and shall immediately proceed against him in the southern sections of set affoat. the northern than in the southern sections of the Union. Our own State has produced greater crops than any other. There is nothing but a little centerprize and observation than has been seen for some years past. The wanting to make it a most valuable acquisi. high prices obtained last season appear to delinquency, shall be adjudged to pay the sum tion to our stock growing community. Maine have encouraged one half of the Upper Cana- of feur shillings for every day he shall have is destined to become one of the first if not the first state in the Union for Stock. We can much fear that many of them are destined to tion of such Surveyor, agreeably to such nonect with a serious check. The preparations tice or be liable to imprisonment, not exceed but we can become successful competitors in the emigration on the other side of the Attack the different races of animals, and wood will LANTIC are not, so far as we can learn, on a mentioned.
