

NEW YORK TRIBUNE.

THE LARGEST AND CHEAPEST.

THE GREAT FARMERS' PAPER!

The Paper of the People.

Now is the time to subscribe for the Great Family Newspaper. It is Cheap because its Circulation is larger than that of any other Newspaper.

NOW IS THE TIME TO FORM CLUBS.

The New York Weekly Tribune

contains all the important Editorials published in the DAILY TRIBUNE, except those of merely local interest; also Literary and Scientific Intelligence; Reviews of the most interesting and important New Books; letters from our large corps of Correspondents; latest news received by Telegraph from all parts of the world; a summary of all important Intelligence in this city and elsewhere; a Synopsis of the Proceedings of Congress and State Legislature when in session; Foreign News received by every steamer; Exclusive Reports of the Proceedings of the Farmers' Club of the American Institute; Talks about Fruit, and other Horticultural and Agricultural Information essential to country residents by one of the most successful Horticulturists and Gardeners in the country; Stock, Financial, Cattle, Dry Goods, and General Market Reports.

The Full Reports of the American Institute Farmers' Club, and the various Agricultural Reports, in each number, are richly worth a year's subscription.

VETERINARY DEPARTMENT.

To make THE TRIBUNE still more valuable to its readers we have engaged Pro. James Law, Veterinary Surgeon in Cornell University, to answer questions and prescribe for diseases of Horses, Cattle, Sheep, and other domestic animals. This new feature in the Agricultural Department of THE TRIBUNE we are sure will add much to its value. In short, we intend that THE TRIBUNE shall keep in the advance in all that concerns the Agricultural, Manufacturing, Mining, and other interests of the country, and that for variety and completeness, it shall remain altogether the most valuable, interesting, and instructive NEWSPAPER published in the world.

Ever since its commencement, THE WEEKLY TRIBUNE has been an authority upon the farm. It has been well observed that a careful reading and study of the Farmers' Club Reports in THE WEEKLY TRIBUNE alone will save a farmer hundreds of dollars in his crop. In addition to these reports, we shall continue to print the best things written on the subject of agriculture by American and foreign writers, and shall increase these features from year to year. As it is, no prudent farmer can do without it. As a lesson to his workmen alone, every farmer should place the WEEKLY TRIBUNE upon his table every Saturday evening.

THE TRIBUNE is the best and cheapest paper in the country. This is not said in a spirit of boastfulness. We do not claim any essential superiority over our neighbors, except the superiority of place and opportunity. It has fallen to New York to create the greatest newspapers of the country. Here concentrate the commerce, the manufactures, the mineral resources, the agricultural wealth of the Republic. Here all the news gathers, and the patronage is so large that journalists can afford to print it. A newspaper can be made in New York for half the money, and yet with twice the value of newspapers elsewhere. This is the strength of THE TRIBUNE. We print the cheapest, and best edited weekly newspaper in the country. We have all the advantages around us. We have great Daily and Semi-Weekly editions. All the elaborate and intricate machinery of our establishment—perhaps the most complete in America—is devoted to the purpose of making THE WEEKLY TRIBUNE the best and cheapest newspaper in the world. The result is that we have so systematized and expanded our resources that every copy of THE WEEKLY TRIBUNE contains as much matter as a quodecimo volume. Think of it! For two dollars, the subscriber to THE TRIBUNE for one year buys as much reading matter as though he filled a shelf of his library with fifty volumes, containing the greatest works in the language. The force of cheapness can no further go.

THE WEEKLY TRIBUNE is the paper of the people. Here the eager student may learn the last lessons of science. Here the scholar may read reviews of the best books. Here may be found correspondence from all parts of the world, the observations of sincere and gifted men, who serve THE TRIBUNE in almost every country.

THE TRIBUNE is strong by reason of its enormous circulation and great cheapness. It has long been conceded that THE WEEKLY TRIBUNE has the largest circulation of any newspaper in the country. For years we have printed twice as many papers, perhaps, as all of the other weekly editions of the city dailies combined. This is why we are enabled to do our work so thoroughly and cheaply. The larger our circulation, the better paper we can make.

What are the practical suggestions? Many. Let every subscriber renew his subscription, and urge his neighbor to do the same. If a man cannot afford to pay two dollars, let him raise a club, by inducing his neighbors to

subscribe, and we shall send him a copy gratis for his trouble. No newspaper so large and complete as THE WEEKLY TRIBUNE was ever before offered at so low a price. Even when our currency was at par with gold, no such paper but THE TRIBUNE was offered at that price; and THE TRIBUNE then cost us far less than it now does. We have solved the problem of making the best and cheapest newspaper in America—perhaps in the world. Let us see if we cannot give it a million weekly circulation.

The New York Semi-Weekly Tribune

is published every TUESDAY and FRIDAY, and contains all the Editorial Articles, not merely local in character; Literary Reviews and Art Criticisms; Letters from our large corps of Foreign and Domestic Correspondents; Special and Associated Press Telegraphic dispatches; a careful and complete Summary of Foreign and Domestic News; Exclusive Reports of the Proceedings of the Farmers' Club of the American Institute; Talks about Fruit and other Horticultural and Agricultural Information; Veterinary Department; Stock, Financial, Cattle, Dry Goods, and General Market Reports, which are published in THE DAILY TRIBUNE. THE SEMI-WEEKLY TRIBUNE also gives, in the course of a year, THREE or FOUR of the

BEST AND LATEST POPULAR NOVELS,

by living authors. The cost of these alone, if bought in book form, would be from six to eight dollars. Nowhere else can so much current intelligence and permanent literary matter be had at so cheap a rate as in THE SEMI-WEEKLY TRIBUNE.

THE SEMI-WEEKLY TRIBUNE being printed twice a week, we can, of course, print all that appears in our weekly edition, including everything on the subject of Agriculture, and can add much interesting and valuable matter, for which there is not sufficient room in THE WEEKLY TRIBUNE.

Those who believe in the principles and approve of the character of THE TRIBUNE can increase its power and influence by joining with their neighbors in forming clubs to subscribe for THE SEMI-WEEKLY edition. It will in that way be supplied to them at the lowest price for which such a paper can be printed.
