Drug Reports.

Canada.

Business is very good for the holiday season. There are no important changes to note. The most important items in changes have been the advance in some American patents on account of war stamp tax. From information received this war stamp tax does not apply to goods exported, but some manufacturers seem to take the ground that they will make it apply to export goods, so indirectly we are in a small way assisting our friends financially.

The principal items are Cuticura goods. The new selling price of these is as follows : Ointment, \$6.50 ; resolvent, liquid, \$15.50 ; resolvent, dry, \$13 ; soap, \$3.50 ; shaving soap, \$2.25 ; plasters, \$3.25 ; Collin's plasters, \$3.25 ; Sanford's cure, \$15.50 ; Sanford's ginger, \$6. Others affected are advanced as follows : Resinol, small, \$5 ; resinol, large, \$10 ; Pettin's eye salve, \$2.25 ; antikamnia, \$1.35 oz. ; Marshall's snuff, \$2.50 ; Lyon's American tooth powder, \$2.90 ; Ripan's tablets, 25c. at \$2.90 ; Ripan's tablets, large,

\$5.75. Changes in drugs are unimportant.

English Market Report.

LONDON, June 27th, 1898.

The market remains dull and quiet, the little life infused into prices by the Spanish American war having waned. Another advance in India-rubber of fully 10 per cent. was freely mentioned on Change. Quinine is in a disappointing position, and a further drop is possible. Acid boric is dull and cheaper. Cocaine is hardly firm at recent advance. Glycerin steady and very firm for crude, but redistilled does not respond. Ipecacuanha is very dear, and Carthagena variety is moving upward. Mercurials unaffected by the war. Menthol easier. Oils are generally in good position, but absence of demand depresses prices. Quinine cheaper. Opium distinctly firmer and slight advance.

Creolalbin is a synonym for crealbin, a creolin-albumin compound for internal use.
