By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients And yet, if the question was asked why they objected to this class of medicines, we presume few could give an intelli gent enswer. Nevertheless, the aversion is well ounded.

VEGETABLE MEDICINES.

All mineral substances, when taken into the sto-mach, are cumulative in their nature- that is to say, they remain either partly or wholly in the system and accumulate with each additional dose, until in many cases the result is death. For example, ar sonic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgarly speaking 'long wind.' But although it is thus beneficial for a time, the ultimate result is always death

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

## BRISTOL'S SARSAPARILLA

in this country is to be secribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleansing. purifying, and healing roots, harks, leaves, and balssmic gums-the whole, without doubt, making the best depurative and most valuable medicine known to the faculty. The preparation of this great remedy is carried on nader the personal supervision of the most scientific chemists and pharmaceutlate, and none but the choiorst ingredients are ever allowed to enter into its composition. The result is, that its action is always uniform and reliable. Its effects upon the

## BLOOD AND HUMORS

is to purge and parify them of every atom of disease, and to instil into the general system a degree of vigorons, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitic nature, all ulcerous diseases, Salt Rhenm, Oarbuncles, Boils, Blotches, or Pimples are

#### SPEEDILY BEALED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable.

In every case when there is reason to suspect the blood and humors of being impure or visiated from whatever cause, Bristol's Vegetable Sugar-coated Pills should be used in conjunction with the Saraaparille, as they carry off the depraved matter, and a parine, as they carry on the deplaced matter complete cure more speedily ensures. # Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
