: OBSERVATION :

of the Stationery used by different firms and individuals is one way of estimating their business ability. The individual who is tasteful in selecting Office Stationery or in compiling a Catalogue displays a knowledge of business sense that he who is slovenly in the same matters does not. We don't dictate to our customers how their work shall be done. Most of them know a good job as well as we do, but when a man comes along with poor ideas we help him out. We do first-class work in a sensible, business-like way.
