

Autonomous liberalization of market access in favour of services exports of developing countries should be allowed.

Particular account shall be taken of the serious difficulty of the least-developed countries in accepting negotiated commitments in view of their special economic situation and their development, trade and financial needs.

(g) Safeguards and Exceptions

Further negotiations will be necessary on provisions for safeguards, e.g. for balance-of-payments reasons, and exceptions, e.g. based on security and cultural policy objectives.

(h) Regulatory Situation

It is recognized that governments regulate services sectors, e.g. by granting exclusive rights in certain sectors, by attaching conditions to the operations of enterprises within their markets for consumer protection purposes and in pursuance of macro-economic policies. Asymmetries exist with respect to the degree of development of services regulations in different countries. Consequently, the right of countries, in particular of developing countries, to introduce new regulations is recognized. This should be consistent with commitments under the framework.

8. Other elements mentioned in MTN.GNS/21, as well as new ideas and concepts participants may wish to put forward, will also be considered.

9. It is understood that the acceptability of the multilateral framework will be dependent on the initial level of negotiated commitments of signatories.

Future Work

10. Future work should provide for:

- (a) The compilation by the secretariat of a reference list of sectors by February 1989. This process could be assisted by submissions by participants.
- (b) Invitation to participants to submit indicative lists of sectors of interest to them with a target date of May 1989.
