project, after years of planning, is supported by the Harbour-front board, Toronto city council, metro council, the provincial government, the Toronto construction association, the metropolitan Toronto labour council and, indeed, literally hundreds of social, cultural, recreational and business groups, I move, seconded by the hon. member for Scarborough East (Mr. Gilchrist):

That the Minister of Public Works advise his colleagues—the six Liberal members from metro blocking the project—that land use planning in Toronto, as it should be anywhere in this country, is the responsibility of local planning authorities in open discussion, not Liberal members of Parliament in closed meetings and, further, that the minister proceed with this project forthwith.

FISHERIES

RELEASE OF SWYER REPORT—MOTION UNDER S.O. 43

Mr. Lloyd R. Crouse (South Shore): Madam Speaker, I rise on a matter of urgent and pressing necessity under the provisions of Standing Order 43.

Whereas fishermen lose their lives each year in our country because of the capsizing of their vessels, and the government itself has become a financial victim of this same phenomenon because of the questionable stability of the fishing vessel *Rio San Lorenzo*, the CIDA ship that will not float upright, I move, seconded by the hon. member for Halifax West (Mr. Crosby):

That this House order the immediate release of the Swyer report, prepared in 1973 and hidden by this government for some seven years, the publication of which report might have saved the lives of a number of fishermen and prevented the embarrassment and waste represented by the construction of such vessels as the *Rio San Lorenzo*.

Madam Speaker: Such a motion can only be presented with the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

DISASTERS

CALL FOR TASK FORCE TO REVIEW POLICIES—MOTION UNDER S.O. 43

Mr. Bruce Lonsdale (Timiskaming): Madam Speaker, I rise, on a matter of urgent and pressing necessity, under the provisions of Standing Order 43. In view of the fact that two days ago the hon. member for Erie across the way, was unable

to get unanimous consent to a motion to establish a special reserve fund for disaster relief, given the fact that in most cases the victims of such disasters, as well as the municipalities, are totally unable to provide the necessary financial assistance to rehabilitate affected areas and to help the victims of such disasters, and in view of the fact that in the last three years there have been several major disasters causing millions of dollars damage and personal loss, particularly in smaller communities where these kinds of losses are beyond the normal capacity of communities to respond adequately without a co-ordinated federal and provincial disaster relief program, I move, seconded by the hon. member for Erie (Mr. Fretz):

That this House urge the Prime Minister to establish a special task force to review federal and provincial government policies with respect to disaster relief in this country.

Madam Speaker: Such a motion can only be presented with the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

That this House direct the President of the Treasury Board to consult with the Professional Institute of the Public Service of Canada and other representatives of public servants to establish fair rules respecting job security, to ensure good labour-management relations in the public service.
