

To *MERCHANTS, CONTRACTORS, SHIP OWNERS,*
and others interested in the LUMBER TRADE.

GENTLEMEN,

IN presenting you with the following Tables, I feel a sense of diffidence ;—I however flatter myself, they will be found to be of service and utility, not only in the Counting-House of the Merchant, but also to Ship Owners and Masters, to ascertain with facility and precision their Freight : as also to the Contractor for Lumber, as well as the Lumber-man.—It will therefore be superfluous to add further comment on their usefulness, but to solicit your sanction and approbation in offering them to the Public ; being actuated solely with the view, of attempting to benefit the Commerce of this rising Province.

I have the honor to subscribe myself,

GENTLEMEN,

Your most obedient

Humble Servant,

THE AUTHOR.

QUEBEC, 26th July, 1810.
