BRITISH TRIPS IN TORONTO VICTORY NEAR ARCHANGEL ATTENDANCE AT C.N.E. BEATS FORMER RECORDS BY SEVERAL THOUSAND

Aggregate Attendance, 602,000, Shows Lead of 203,100 Over Last Year's Figures at Same Date.

Saturday's attendance... 117,000 Same day last year... 102,000 Total this year... 602,000 Total last year... 398,900 A memorable week closed at the Exhibition Saturday. All previous records have gone by the board. For the seven days the aggregate attendance is 602,000, representing the enormous gain of 203,100 over last year's figures at the same stage. With labor men talking about a 200,000 addition today, compared with 174,500 last year, it can readily be seen that 1919, given fair weather, will easily outdistance all previous records.

The visit of the Prince of Wales and the ideal weather of the first week are chiefly responsible for the present showing, though the Exhibition has size intrinsic value which merits the unbounded success which has attended it. Three days the attendance has been over 100,000, when the Prince of Wales performed the opening ceremony, the figures were 114,000; on Wednesday, when his royal highness reviewed the veterans, they were 115,000, and on Saturday they were 117,000.

Prospects Were Gloomy. The prospects Saturday were gloomy to begin with, and they remained so for a good while, but the people seemed to have ample faith and the attendance was surprisingly large. By noon the sun began to peep thru and the afternoon turning out gloriously fine, there was a considerable accession to the ranks of those on the grounds. About 6.30 the weather again became threatening and there was a heavy rainfall for a while, which no doubt affected the gathering around the band stand, and had a flattering reception. In the evening he was the guest of the Originals' Club at supper.

STANDARD OF HORSES PREDICTS ROSY FUTURE

Judging of standard-bred horses, carriage horses, four-in-hands and tandems are always important exhibits of the Fair, and brought out large fields in each class. The outstanding feature was the quality of the animals shown in the standard-bred classes and the finished performers in tandems, four-in-hands and carriage classes.

In the standard-bred stallion, any age, T. H. Hassard, Markham, captured first honors with his good horse, Peter Wilton, with Jim Todd of Crickston Farm, Galt, second, in a good field with large entry.

T. Cowan, Orono, was first with Billy Bingen in the three-year-old, standard-bred stallion class, and Substance, owned by J. Essery, Essex, second.

The standard-bred mare or gelding class was won by A. Pringle, Hamilton, T. Barnett, Renfrew, second, and Crickston Stock Farm, third.

In the carriage class, over 18 hands, Crow & Murray won first and third, with J. H. Smith, Delhi, fourth. A big class of good individuals were entered.

Carriage pair, 15 1/2 hands and under, went to Crow & Murray, first and second, with A. Yeager, Simcoe, third, and G. H. Smith, Delhi, fourth. This was a beautiful class, and the result was rewarded by cheers from the grand stand.

There were seven entries in the pairs of saddle horses, James Kilgour, Toronto, taking first; F. W. Colino, Kingston road, second, and Fred H. English, Toronto, third.

The four-in-hand class brought out four entries, any one of which looked like the winners. The interest taken in this event brought the spectators to their feet when the awards were handed out. Crow & Murray secured the red and blue ribbons, with G. H. Smith, Delhi, third.

Glancing over the interested spectators in the grand stand while these horses were shown, it was quite evident that a good horse, properly fitted and skilfully handled, is as big a drawing card as ever, and we predict that the future, with this class of breeding animals shown this year, will see improved stock in harness and saddle horses in this country.

Southdown, Dorset, Lincoln and Hampshire sheep were judged today.

TORONTO LABOR MEN PREPARE FINE PARADE

Celebration of Holiday Today Promises to Be Most Successful Ever Held—Big Sports Program Arranged.

Labor Day comes but once a year—but when it comes it usually has good weather, and the gentleman who supplies that article promised on Saturday that he would provide one of the very best articles in his store for Monday, Labor Day—and that is today—has become quite an institution in Toronto, and is almost as much looked forward to, not only by trade unionists, but also by the general public as Christmas Day. Today's labor demonstration promises to be the largest ever, and it is estimated quite 10,000 will be in the parade alone, to say nothing of the thousands who will join the demonstrators at the Exhibition Park. When the big procession, organized by the Trades and Labor Council, commences to wend its long way thru the streets of the city, bands of music galore will be in evidence, to say nothing of floats, decorated cars, and other exhibits. The big labor show will form up in Queen's Park at 10 o'clock and start from Sir John A. Macdonald's monument, at the head of University avenue, go south on Street, west on Queen to Dufferin, and south on Dufferin to Exhibition grounds.

While assembling at Queen's Park the unions will be divided into seven sections as follows: (1) City council, board of education and separate school board; (2) District labor council delegates and public utilities section; (3) Decorated motor cars and floats; (4) Textile and clothing section; (5) Women's section; (6) Metal Trades Council; (7) Allied Printing Trades Council; (8) Building Trades Council and miscellaneous section. The various unions affiliated to the above sections will fall in with this individual section, and it is expected, so far as in-

PRINCE PRESIDES AT FOUNDATION LAYING AT OTTAWA TODAY

Will Be Event of Splendor—H. R. H. Spends Quiet Week-end in Capital.

Ottawa, Aug. 31.—His Royal Highness the Prince of Wales spent the week-end quietly at Government House after his trying experiences of Thursday and Friday, and took full advantage of the quietude afforded by the change of plans, which originally called for him spending the week-end at Blue Sea lake, at the summer home of the Governor-General. On Saturday afternoon the prince played golf at the Royal Ottawa links. He returned to Government House, and this morning attended St. Basil's church with the party from Rideau Hall. After church he called on Lady Laurier and Lady Borden, and rested during the afternoon and evening in preparation for his strenuous day tomorrow. Sept. 1 will be real Labor Day for his royal highness, for in addition to laying the foundation stone of the peace tower on the new parliament building he will visit the Labor Day celebration at Levee Park and will also attend a civic reception in Hull during the afternoon. While in Hull he will open the G.W.V.A. club house and will become a member of the Hull branch of the G.W.V.A. To Proceed in State. The main function of his royal highness' visit to the laying of the foundation stone, takes place at 11.30 tomorrow. On account of the holiday it is certain that the crowds to witness the progress of his royal highness thru the streets will be greater than at any time during his visit to the capital. Accompanied by his excellency the Duke of Devonshire, the prince will proceed in state from Government House to Parliament Hill and en route has arranged that he shall pass thru the ranks of the trades unionists as they are lined up for their Labor Day procession. Stands to accommodate the invited guests, officials, members of parliament and others have been erected on Parliament Hill, which now presents a scene of splendidly arranged bands of green and festoons of bunting of the national colors. SIR ARTHUR CURRIE WOULD STAMP OUT PREACHING SEDITION

General Condemns Agitators—Appeals for Fair Treatment of Soldiers.

General Sir Arthur Currie, speaking at the Exhibition directors' luncheon Saturday, strongly condemned any tolerance of preaching sedition. He said he could never understand why they permitted some of the orators to talk as they did in Hyde Park, London, and the explanation given him was that they must get that off their chest or the boiler would burst. Sir Charles Hanson, ex-lord mayor of London, who was present, agreed with Sir Arthur. "You cannot allow sedition to be preached in the country without evil results," said General Currie, "and whenever we see that sort of thing or its pernicious influence appearing I think we ought to rap it on the head just as hard as we can—(applause)—and not tolerate it for a moment. These pernicious influences are trying to get at the returned soldier because they see that he is one of the hopes of the country. Now you cannot influence a man who is happy, who has his home and who is producing and that is why I say it is up to us and all the business men to make a personal effort to see our returned soldiers situated in the country. (Applause)." "Welcome" by T. A. Russell, president of the Canadian National Exhibition at the west entrance of the Exhibition grounds, General Currie made his way to the administration building, where he was met by the honor guard of honor, were inspected by him. LABOR HOLIDAY TO PROTEST ARRESTS

Winnipeg Workers Call for Dominion-wide Action on September Seventeenth.

Winnipeg, Aug. 31.—Should the Dominion government fail to grant petitions demanding the release on bail of the eight Winnipeg strike leaders, now in the provincial jail awaiting trial at the assizes, organized labor throughout Canada will be called upon "to take a holiday" for 24 hours on September 17 to protest against the treatment meted out to these men. This announcement was made by F. J. Dixon, M. L. A., at a mass meeting held in the Winnipeg rink this afternoon under the auspices of the Dominion labor party. An attempt at boycotting the industrial conference, to be held at Ottawa at the call of the Dominion government, is also to be made if the government turns down the petitions in question. Demand Release. At the meeting today, resolutions were unanimously passed, calling for the immediate release of the strike leaders on bail and demanding the repeal of the recent amendments to the immigration act. The Winnipeg labor defence committee, composed of the Trades and Labor Council executive, One Big Union Central Labor Council executive and delegates, the following resolutions were carried unanimously: "We hereby protest and call upon all workers, organized or unorganized, to protest vigorously against the attending of anyone invited by the government or congress, as a representative of labor to the industrial conference to be held in Ottawa on Sept. 15, until such time as the brothers imprisoned at Winnipeg be granted the right of habeas corpus trial. Call 'Protest Sunday'." "We hereby instruct the secretary to communicate with all organizations

An extraordinary accident occurred almost opposite Mimco asylum when as a result of a collision between two Ford cars and a touring car, a man, woman and two children were deposited in a nearby field together with the tonneau of the Chevrolet. Two peculiar circumstances in connection with the case are the location of the accident and the fact that no one was injured. It is alleged that the Fords were racing, converged on the approaching competitor, and on the impact carried the chassis of the car along with them. The body continued on its way until brought to a full and sudden stop by mother earth. An eyewitness states that the four passengers kept their seats.

PREPARATIONS AT CAPITAL FOR BUSINESS OF SESSION

Special to The Toronto World. Ottawa, Aug. 31.—Many members of the house are already here, and an unusually large attendance is anticipated tomorrow for the opening of the session. The peace treaty, prohibition and the bill to create a purchasing commission are likely to be referred to in the speech from the throne, which will outline the government program for the session. There is the usual gossip among the members already on the ground respecting cabinet changes and political probabilities. It seems to be taken for granted that Sir George Foster and Hon. C. C. Ballantyne will soon resign from the government, but no one even hazards a guess as to their successors. It is also assured that Sir Henry Drayton will contest North Toronto when Sir George Foster retires.

U. S. GOVERNMENT GIVES ITS WORKMEN PRODUCTION CONTROL

Successful Experiment in Principle of Democracy in Rock Island Arsenal.

Washington, Aug. 31.—Actual control of the production activities of Rock Island arsenal harness shops, including appointment of foremen and the determination of prices to be paid workmen, has been turned over to committees of the employees. This became known today when Secretary Baker made public correspondence between the war department and representatives of the employees. Matters of administration are left with the regular managements, but even bids submitted on contracts are influenced by the committees. In carrying out the new plan, which is characterized in the correspondence as "the first recognition of the principle of democracy as applied to the manufacturing industry," an arsenal orders branch has been established in the ordnance department here to obtain orders from other governmental agencies. An advisory committee of employees' representatives is included in this branch, who actively assist in figuring cost when bidding for work. Official reports to Secretary Baker assert that the result has been not only greatly increased efficiency and contentment among the men, but a "radical reduction in manufacturing costs. Two examples cited are orders for small locks, formerly costing \$46 per thousand, but produced at Rock Island for \$38, and an order for azimuth optics at prices reduced from \$55 each to \$20.74." "Need for Change Foreseen. Development of the new system, the announcement today said, grew out of the situation immediately following the resignation of the arbitrator when it became apparent that the operating force would be reduced for lack of work, but the necessity for a change had been foreseen even before the war. "A condition of antagonism and distrust" had grown up prior to the war between the management and the workmen, according to a memorandum submitted by the employees' committees, as a result of these attempted introduction of "so-called scientific management methods," and the men "Anally found their only resource was to place a deliberate limit on production." On the outbreak of war, it was said, the men voluntarily removed these limits, insisting only that piecework prices should not be reduced without their consent. Instances are cited of men recommending reduction of piecework prices in order that the arsenal could secure additional orders, and of voluntarily agreeing to work during "lunch hours, in order that an order which had been figured very closely" might be filled.

TO SEND EMBASSIES TO GERMAN CAPITAL

Britain Inclined to Do So When Treaty is Ratified and France to Follow Suit.

Paris, Aug. 31.—There has been much talk recently about the resumption of diplomatic relations between the allied powers and Germany. Com-mending on the diplomatic situation, La Liberté says: "The English seem inclined, so soon as the treaty is ratified, to send not a charge d'affaires, but an ambassador to Germany. France naturally will do the same. Paul Dutasta has been persistently mentioned for the post." M. Dutasta was secretary of the peace conference.

CONSTITABLE CRAIG RESIGNS FORCE

Wealthiest Man in Force Leaves, After Thirty-One Years.

Toronto's wealthiest police constable, Noble John Craig, resigned from the police department after concluding over thirty-one years of service. "Noble John," as he was known to every member of the force, along with his three brothers, came from Ireland and joined the force as patrolman in the year 1887. John Craig several years ago did plainclothes duty in No. 1 and No. 3 divisions. During the past few years he has been night station duty officer at Court street station. It was his intention of resigning when his thirty years' service was entitling him to retirement on pension, in 1917. At this time there was a shortage of men on the department and Chief Graetz requested all of the older members of the force to remain on duty until the end of the war. Mr. Craig is a well-known building contractor and takes an active interest in sports, being a member of a number of lawn bowling clubs. Mr. Craig, who retired from the force last year, is a brother of J. John, as is Sgt. William Craig of Ossington avenue station. Mr. Craig's resignation was presented to Chief Graetz and the policeman is now enjoying a month's holiday granted to all men entitled to leave before their pension allowance starts.

AUSTRALIANS AID TO BEAT BOLSHEVIKI IN FIERCE BATTLE

Town of Emtsa Captured With a Number of Prisoners and Guns After Reds Had Made Successful Counter-Attack.

London, Aug. 31.—Official reports to the war office from Aronango announce the recapture by the Russian and Australian forces of the town of Emtsa. "The town is now in our hands," the report says. "We captured ten guns and 500 prisoners. Our casualties were light." A previous despatch from Aronango said that with the Russian themselves conducting operations, aided by 200 Australians from the British forces, there was a stern fight along the railway front. A British airplane opened hostilities by bombing the town of Emtsa. The industry then attacked, supported by heavy gunfire, and pierced the enemy's front position capturing Emtsa with 150 prisoners, including four commissaries. The Bolsheviki counter-attacked, employing three armored trains, and re-entered Emtsa. Russian artillery again advanced. Copenhagen, Aug. 31.—A large British squadron has passed Koenigsberg, West Prussia, bound eastward, the Berlin correspondent of the local newspaper Berlingske Tidende reports. The warships were believed to be reinforcements for an approaching general offensive against the Bolsheviki in northern Russia.
