These gentlemen are thoroughly representative of the various important branches of the industrial and commercial interests in Canada. They are in close touch with these interests, and are in a position to give the best advice on all matters of business with which the Bank may be concerned.

Arrangements have been made whereby the office of the General Manager will be filled by a well-known and experienced banker.

In addition to the Bank's strong position in financial circles the proposition to extend the hours of banking will at once make the Monarch Bank popular with the public. Only recently a bank to keep open day and night was organized in the City of New York, and its success has been phenomenal, as the convenience and increased facilities for handling business immediately appealed to the merchants and general public.

It has been decided to offer the stock of the Monarch Bank of Canada at a premium of 25 per cent. This premium, it is confidently anticipated, will allow the Bank to commence business with its capital intact together with a considerable reserve fund after paying organization expenses.

TERMS OF SUBSCRIPTION:

The terms of subscription are \$10.00, to be paid when application is signed, \$5 on allotment and \$10.00 a month until balance is paid.

Applications for stock may be made to the Monarch Bank of Canada, Toronto. Cheques, drafts, money orders and other remittances on account of subscriptions for stock should be made to the Toronto General Trust Corporation, Toronto, Trustee.

DISSENER, NOT DISTURBER, GAYNOR AND GREENE HOME.

Salvation Army Likely to Appeal This Judge's Decision.

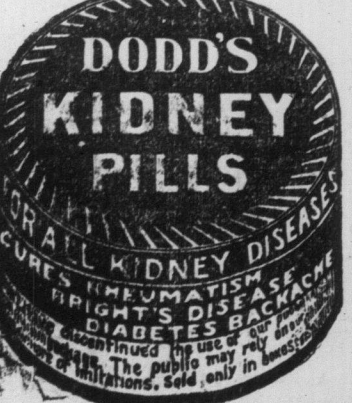

Montreal, Oct. 9.—Judge Scottie today dismissed the appeal against Pierre Gauthier, who was charged with being one of the leaders in the recent disturbances attending the attempt of the Salvation Army to hold meetings in St. Louis de Mile End, a French Roman Catholic suburb. The judge held that Gauthier was no more than an ordinary disseminer and had a right to ask his companions to follow him from the hall and not listen to the preachings of the Salvation Army officers. It is expected that the army will appeal against Judge Scottie's decision. Meanwhile the salvationists are not holding meetings at Mile End.

OBSERVANCE OF TRAFALGAR DAY.

Patriotic Societies' Arrangements for Celebrating Oct. 21.

The local patriotic societies are planning to make the centenary of the death of Lord Nelson an event to be remembered.

The Daughters of the Empire, the Navy League, the British Empire League, and the ladies' branch of the Navy League, on the suggestion of the latter organization, had contemplated giving a united concert in Massey Hall, but experienced some difficulty in finding some one to take charge of the arrangements. In the meantime the S.O.E. engaged the hall.

However, the Daughters of the Empire are still working on an entertainment of some kind, probably in the form of a banquet. This society has done a great deal toward making this anniversary day memorable. Early in the year it offered prizes for the best essay on "Trafalgar Day" to be handed in before Oct. 21, and is presenting the battleship Dominion with an immense flag. Princess Louise has been asked to act as donor. The ceremonies will be in Portsmouth Harbor.

All the churches throughout the Dominion have been invited to an outline of service and asked to observe Sunday, Oct. 22, as the memorial day. The English-British Society will have a concert in Massey Hall, Oct. 21, under the patronage of Earl Grey. Hon. Mortimer Clark, Hon. J. P. Whitney, Mayor Urquhart and the supreme officers.

The schools will observe the day with special exercises.

ONE HEAD BETTER THAN THREE.

Work for University Commission—Cheque for Expenses.

The government yesterday forwarded to A. H. T. Colquhoun, secretary of the university commission, a cheque for \$1000 for expenses of the university enquiry.

It is understood the principal duty of the commission is to investigate the centralizing authority in the university. Just now there are three heads with equal authority, namely, the principals of University College, Medicine and Practical Science. When the commission's work is done there will be only one head. The senate and the trustees will be consolidated.

NEW ONTARIO IS NEGLECTED.

Call of the West Deprives Province of Missionary Workers.

The men residing in the northern part of Ontario are practically without religious instruction. Until six weeks ago Rev. E. D. MacLaren, secretary of the Presbyterian Home Missions, thought that he was going to be up against a very serious problem. Since that time, however, a number of men have volunteered for the service.

"I think we may come out all right now," said Dr. MacLaren yesterday, "but it is inclining to be a little better. The west is receiving so much attention that the needs of New Ontario are being overlooked."

The semi-annual meeting of the home mission board will be held to-day in the secretary's office, when reports showing the progress of the church work in Canada will be discussed.

Joseph Well, Dougherty's attorney, announced that Dougherty would appear in court of his own accord.

REASONS, GOOD AND BAD FOR A LOWER ASSESSMENT

Palmerston Avenue Land Values Discussed in Court of Revision—Reductions Granted.

Assessment appeals for the Fifth Ward occupied the court of revision yesterday under Chairman Proctor. James Hawken, agent for the North American Land Company, Limited, and the Alexander Manning estate, appealed against assessment of \$40 and \$45 per foot on Palmerston-avenue property, near College-street. The board reduced it to \$25 per foot. Property owned on the north side of College-street, assessed for \$45 and \$50 per foot, was reduced by \$5 a foot.

The court granted John McK. Anderson of 232 Palmerston-avenue a reduction of \$5 a foot on an assessment of \$30 a foot on the land on which his house stood. His neighbors, Laird S. Fraser of 238 Palmerston-avenue and Bernard McCann, 230 Palmerston-avenue, were also granted the same reduction.

"These three men appealed and they are favored above all their neighbors," remarked Arthur Frankland as the assessment department "land on Palmerston-avenue south of College-street, is surely worth \$30 a foot." Anderson said that land on Palmerston-avenue had been sold at \$25 a foot, but the assessors held the land up there was worth \$30, too. Anderson pointed out a return from the registry office as evidence of the value of land in Palmerston-avenue.

"You cannot rely on that return," remarked Chairman Proctor. "Entries have been made to fool the assessors." O. S. Purdy objected to an assessment of \$5000 against 389 Shaw-street. He said it cost him \$5000, and he had a steam fitter the heating system had cost as much as usual. The committee knocked off \$500.

Arthur S. Dewar told the court that he is a doctor of osteopathy and an M.D. "But I'm not in business for myself," he said. "I'm manager of a manufacturing company and I'm not a doctor." "That's \$1000 a year," said Arthur Frankland. "He should pay income on \$1000."

"Let the \$40 go," said Official Defoe. "It's cutting things too fine when you assess a man on his income." "He's just a working man," said Frankland. "The working man can look after himself," remarked Chairman Proctor. "That his house had only three walls was the ground of the appeal brought by J. McClelland of 389 Shaw-street. He got a reduction from \$1500 to \$1200 on 389 Shaw-street. He had discovered the principle of the house was not worth more than \$1200."

"You are assessed on only \$1004," remarked Chairman Proctor. "Applicant knew a case where people bought houses of \$1700 and \$1800 and were assessed on \$600 and \$700. But his plea was of no avail." Richard P. Powell, a carpet cleaner, strongly protested against an assessment of \$5000 against 219 Bloor-street. He said it was \$5000, and it was 25 per cent of the assessed value of the house. It was \$119,000. It was assessed at \$119,000. It was assessed at \$119,000. It was assessed at \$119,000.

"If you want to get off lightly you must do business in a 'tent,'" said Chairman Proctor. Some assessment was caused by the announcement that a man who did not appear to support his appeal had previously intimated that he would come D.V.

NECKLACE 30 YEARS STOLEN

IS RETURNED TO OWNER

New York, Oct. 9.—Miss Jennie Corwin of Brooklyn has received through the mail a necklace of valuable pearls that she either lost at a wedding or which was stolen from her 30 years ago. There seems to be absolutely no clue to the identity of the person who sent them back. The only explanation is that the necklace became conscience-stricken. Miss Corwin is the daughter of Major B. Corwin, a manager of the Metropolitan Life Insurance Company.

CAN'T GET INTO TORONTO.

That's the Reason Given for Ontario E. R. Co.'s Halt.

Entrance into Toronto is the barrier to be overcome by the Ontario Electric Railway Company, which for a year or more has been projecting a line along the river and lake front from Cornwall to Toronto.

The project, it is said, was moving along finely with the scheme until an entrance was sought into Toronto. Then they found they were up against it, for the rights over streets were found to be blanketed that it was quite impossible to negotiate the corporation. The legislature will have to be appealed to if the company is to find a way in. Meantime the scheme is hung up.

The York Radial has a monopoly now on the Kingston road, and the company will be dislodged with costs. So pronounced Judge Anglin at Osgoode Hall yesterday in the case of the James Bay Railway v. Worrell. This was motion for a warrant of order for immediate possession of certain lands made under section 179 of the Dominion Railway Act. Notice had been given by the company to the trustee in whom the lands were held, and to two out of five of the beneficial co-owners.

It was stated before Judge Anglin and not before the trustee is in every sense a bare trustee and that he holds the lands merely to convey the same as and when the beneficiary may require them. The beneficiaries are competent to act for themselves.

Judge Anglin found that the trustee, John A. Worrell, K.C., was not empowered to transfer the land, so the warrant cannot issue owing to failure of the company to notify other beneficiaries.

SHOULD NOTIFY THEM ALL.

James Bay Railway Co. is Restrained From Taking Possession.

Either the James Bay Railway Company must amend its motion or the case will be dismissed with costs. So pronounced Judge Anglin at Osgoode Hall yesterday in the case of the James Bay Railway v. Worrell. This was motion for a warrant of order for immediate possession of certain lands made under section 179 of the Dominion Railway Act. Notice had been given by the company to the trustee in whom the lands were held, and to two out of five of the beneficial co-owners.

EXPERIMENTAL FAIR A SUCCESS.

Other Fairs Would Like Beachwood Success Repeated With Them.

"The Experimental Fair at Beachwood was a great success," said Sp. Cowan yesterday, "the delegates from other fairs in the province were greatly impressed with the educational exhibits, and a number of applications were received for similar exhibits. These included demonstrations of property and improperly dressed hogs, etc., and exhibited what was most valuable for the British market."

Mr. Cowan says that only one or two fairs were caught this year at the fair, owing to the department's stringent rules against them. Last year they were in evidence at nearly all fairs.

EMBLEMATIC OF CANADA.

Farmers, Miners and Fur Clad Traders in Lord Mayor's Procession.

(Canadian Associated Press Cable). London, Oct. 9.—The chief feature of the Lord Mayor's procession next month will be emblematic of the British colonies. Canada is to be represented by a float representing farming, with a group of men in fur-clad robes representing the Hudson's Bay Company, and a group of Indians. There is also a group of miners and fur-traders of the Hudson's Bay Company, and altogether the entertainment promises keen enjoyment, as the surroundings of the club are beautiful just now. Badges of admission, 50 cents, are to be obtained at Tyrrell's, 11 East King-street.

The largest single gift was \$10,000, made by a business man who was converted in the Tabernacle a number of years ago. A gift of \$7000 was received from a man and his wife several years ago accidentally dropped in to the Tabernacle on the morning of the annual missionary service. Both have annually given large sums. Half a dozen subscriptions of \$5000 were received. The men's gold watch and a wedding ring were sent up by some unknown persons.
