REDMOND TO HAVE RECEPTION

Carnegie Hall Meeting to Be Big Irish Demonstration. New York, Oct. 29.—The mass meeting, which will be held in Carnegie Hall on the evening of Sunday, Nov. 3, when John Redmond, the member of Parliament for Waterford City, and leader of the United Irish Parliamentary party in the British House of Commons, will be the guest of honor.

That delegation consisted of a number of Irish representatives, who came here at the request of the late Charles Stewart Parnell, and it was but a few days after the great meeting here, when \$500,000 was subscribed, that the split in the Irish National Parliamentary party was announced. The delegates soon after returned to Ireland, some of them espousing the side of Parnell, others becoming his bitterest opponents.

Mr. McHugh, who is the editor of the Sligo Champion, was released on Monday last from Kilmichael Jail, Dublin, after serving a sentence of six months for denouncing jury packing. Mr. O'Donnell is a fluent speaker of Irish and is the only member of Parliament who has ever addressed the House of Commons in the Gaelic language.

NEBRASKA'S VOLCANO

Famous Burning Hill, Quake Since 1878, Is Breathing Fire.

Ponca, Neb., Oct. 29.—The famous burning hill on the Missouri River, 12 miles above here, has burst into flame again, the first sign it has made since 1878, when it was first discovered. The steam is escaping from the crevices, and the combustion is so intense that the interior is a red heat. Flashes issue from some of the fissures, and the mysterious noises so terrifying to the natives, have been reported. The breaking out of the burning hill has been reported to the University of Nebraska, and a geological party will soon make an excursion to the spot.

A New Comedy for the Grand.

"The New Telephone Girl," at the Grand Opera House, is evidently a favorite with the theatregoers, judging by the large audience that greeted her at every performance. She has a strong supporting company, and the "switchboard girls" have great roles. At the matinee today there are a number of good reserved seats at 25c. On Thursday evening Kesselle will say "Hello" to over 100 students from Varsity, the Dental College and School of Practical Science. Manager Small announces for next week the latest Broadway comedy, "The House That Jack Built." This is the first time that this light comedy has been presented in this city, and at the Grand's special prices, the theatre should be crowded at every performance.
