Of the ages is that the people who neglect health principles degenerate, and finally take their place among the nations who have sunk into premature decay. One of the best methods for the preserving of health is the partaking of such foods as are known to be pure.

Life Chips WAS THERE CONSPIRACY?

Is essentially a pure natural food, rich in health-giving properties. It contains over 95 per cent. nutrition. In the glittering brown chips there is a promise of toothsomeness, of easy digestion and of health and strength. In conjunction with this food, drink our delicious Caramel Cereal, and sleep well. It is great for the nerves.

I tried different romedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with ovarian troubles and was perfectly cured, called my attention to your Vegetable Compound, and I made up my mind to give it a two months' fair trial. However, before one month had passed I was like a new woman, and after six weeks faithful use of the Compound I was in perfect health. It certainly is of great benefit to women, and I wish every poor suffering woman could have a chance to try it, Yours very truly, Miss W. I felt that she needed some kind of tonic, and, hearing of the good results obtained from the use of Dr. Chase's Nerve Food, I decided to have her try it. The results of this treatment have been most satisfactory, and I consider the food an excellent nerve tonic and general health builder.
