FOOTBALL NOTES

The protest entered by the La Tours against the awarding of Saturday's game to the Victorias was not sustained at the Intermediate League executive meeting last evening. The claim that iron cleats were worn was withdrawn by the La Tours.

Horton Academy Defeats King's Colege. Wolfville, N. S., Oct. 23—(Special)—Horton Collegiate Academy football team defeated Kings College here today by a score of 3 to 0.

Toronto, Oct. 23—(Special)—Jimmy Reynolds, the Port Hope barber, landed in Port Hope this evening at 6.12, having walked from Port Hope to Toronto and back, a distance of 138 miles, in thirty-six hours and, ten minutés, beating Langford's and his own former attempts all the way, though neither of them were finished.

THE TURF

Hampton, Oct. 23—Hugh Gallagher, of Woodstock, was here on Monday and concluded a purchase from H. J. Fowler of his Baron Duncan colt, bred from Maud, the mother of the trotting mare Marguerite, famous in trotting circles this season. The Baron is three years old and is said to be the fastest stepping colt in the provinces, and is, no doubt, destined to make a record for himself. Mr. Gallagher also purchased Mr. Fowler's brown mare.

George Memsic wants \$3,000, two round-trip tickets from Los Angeles and two bouts to box in Philadelphia. He is not likely to get what he asks.

Owen Moran, the English hantam, and Tommy O'Toole, who fought in the Quaker city last Saturday night, have been rematched to box in Philadelphia.

Spike Robinson, the English lightweight, has been matched to box Billy Griffin, of New Zealand, at the National Sporting Club of London, the latter part of next month.

Promoter McCarey, of Los Angeles, cannot see his way clear to give Jim Jeffries \$1,000 to referee the Weeks-Attell bout next week. Job.

Manager Johnny Mooney has matched welterweight champion Honey Mellody to box Frank Mantell twenty rounds at Dayton (O.) Nov. 1. Mantell, who has been cutting a wide swath through the ranks of the welterweights in the west, is said to be a wonderfully improved boxer, and will be heavily backed to beat the champion. The weight is to be 145 pounds at 3 o'clock.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people — without a penny's cost — the great value of this source. great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. MONCTON PAPER ON

Stturday's football game here, between At a meeting of the Algonquin Club last evening it was practically decided to send the football team to Fredericton on Saturday to play the U. N. B. Efforts have been made during the week to arrange for the players getting away and it now looks as if a strong team could be got together. Jardine and Gibson, two St. John players, are in Fredericton and Manager McNaughton, of the U. N. B., agreed last evening that they should play with the Indians. If they can be secured the team will go.

Harry Simmons will not be able to join the Algonquins this Saturday but will be with them on Nov. 2 when they will meet the Marathons. Simmons will probably line up with Moncton when they clash with the Greeks on Saturday.

The Algonquins are asked to meet in their gym, Metcalf street, this evening from 7.30 till 10 o'clock for practice.

and his own former attempts all the way, though neither of them were finished.

Reynolds is fifty-seven years old, and has more than a local reputation as a walker. He was something over the stipulated time, so fails to win his wager, but his record will probably stand for a time. At Port Hope he was received by cheering crowds, bonfires being lighted in his honor, and a band turning out.

former stellar half-back of McGill, who only a few years ago in playing for that college, was termed the best half-back in Canada. With great weight and strength, he is very fast, a clever player, and hard to down. He has been the shining light of the Marathons in their league games in St. John this year, and his appearance here on Saturday will be an interesting feature of the game.

Johnny Malcolm, a brother of the

feature of the game.

Johnny Malcolm, a brother of the famous former McGill half, is another player who has achieved much local note in St. John. He has not had the varied experience of his brother, but is a fast

Rankine is one of the most fleet-footed of the Marathon back division. He is a sprinter with a ten-second mark for one

hundred yards, having twice held the championship of Ohio State.

Just what the local line-up will be is difficult to ascertain at present. As things look now, it is not unlikely that "Twisty" McEachren may be taken from the half-line and not in with the forwards the Rouse O'Brien Downed.

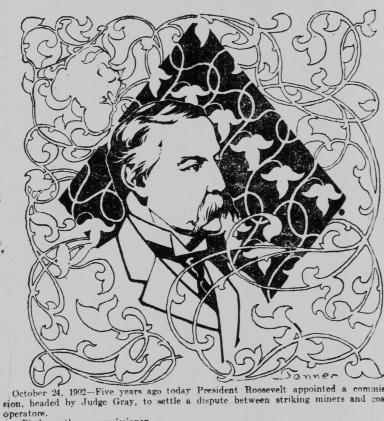

Young Donahue, of Roxbury, gave the majority of the Boston fans something of a surprise at the Winnisimmet A. C. in Chelsea Tuesday night by clearly outpointing Rouse (B'Brien in their ten-round bout.
Young Donahue fought a very heady context. He was cool at all times and displayed great generalship. He blocked well, and did nearly all his work at long range.
It was only at close quarters that O'Brien could land an effective bunch, and Donahue was crafty enough not to sive him any of his own style of milling the roxbury boy jabbed and countered finely and rarely misjudged

McEachren may be taken from the half-line and put in with the forwards, the vacancy in the back division being filled by Harry Simmons. It is not likely that McGrath will play, and McEachren will play, and McEachren will play, and McEachren will be a wacancy in the back division being filled by Harry Simmons. It is not likely that McGrath will play, and McEachren will fill his place. There is still some uncertainty about Lightizer being able to play. Nothing is definitely settled yet, but it is a certainty that the team which meets the Marathons on Saturday will be a strong aggregation.

The local team will probably hold practices in the Curling rink this week.

PEOPLE OF NOTE

Charles Emory Smith, Postmaster general of the United States from 1898 until 1902 and publisher of the Philadelphia Press was born at Mansfield, Conn., of February 18th, 1842, and graduated from Union College in 1861. Mr. Smith married Miss Ella Huntley on June 30th, 1863. In 1865 he accepted the editorship of the Albany (N. Y.) Express and retained this position until 1870 when he become connected with the Albany Journal of the Albany J became connected with the Albany Jour-nal where he remained for ten years as its leading director. Since 1880 Mr. Smith has been prominent as the publisher of the Philadelphia Press. Before Mr. Smith was made a cabinet official he was sent to Russia as the Minister from the

DISASTER WAS DUE TO BLUNDER

Theodore Cooper Blames Incempetent Officials for Collapse of Quebec Bridge.

Montreal, Oct. 23-A special cable from New York says: "If prompt action had been taken to protect chord 9 west from further deflection when the bend was discovered, the Quebec bridge would not have gone down. This would have been only about three hours' work, and the expense would only have been about \$100 in timber and bolts."

Such is the annion of Theodore Cooper. Such is the opinion of Theodore Cooper the consulting engineer of the Quebe bridge, given to the government commission of enquiry into the disaster, which been at work in New York for the

Furthermore Mr. Cooper, to a certain extent, emphatically blames both companies—the Quebec Bridge Company and the Phoenix Company—for the collapse, inasmuch as he is of the opinion that neither had proper officials at the work, men with sufficient technical knowledge to superintend a construction of such magnitude.

The consulting engineer states positive— The consulting engineer states positively that, in his opinion prompt and intelligent action on the part of the officials at the bridge would have prevented the failure. This action should have been taken by the officials of either combeen taken by the officials of either com-pany at the bridge, and the contracting company should have had at the works an engineer of sufficient intelligence to have appreciated the necessity of prompt action while the executive of the Quebec Bridge Company should not have hesitat-ed, in the absence of prompt action of the contractors, to have given the neces-gary orders

the contractors, to have given the necessary orders.

"It was not the best bridge, but the best bridge that could be built with the money," declared Mr. Cooper. "The amount to build it with was limited to a certain extent, and the bridge had to be planned to meet this amount."

That Mr. Cooper has not the best opinion of either the methods used or the officials on the work is evidenced by his testimony. For the past week, the commissioners have been working with Mr. Cooper, as much each day as his enfeebled health would permit, going over plans and discussing the matter from every standpoint and the culmination was reached today when Mr. Cooper went with Commissioner Holgate to the British consult general at New York and made a lengthy statement on the subject under oath—a statement that contains many things hitherto unknown concerning the collapse of the Quebec bridge, and contains many things that will prove a painful surprise to Canadians.

to Canadians. This statement was a long one, containing about fifty type written pages, or about twenty thousand words in all. This is the first time that Mr. Cooper has broken his silence relative to the matter since the collapse, but now that he has done so, the commissioners seem to feel that he has done everything that he could to help them in their investigation.
