MOFFAT'S VEGETABLE LIFE PILLS, AND PHENIX BITTERS.

WHO WANTS BETTER EVIDENCE?—
I would refer the reading public to the numerous voluntary letters published, recently in the Good Samaritan and other papers, relative to the happy and beneficial effects of the administration of MOFFAT'S LIFE PILLS AND PHENIX
BITTERS.

Those who have peaused the letters above referred to will observe that in almost every case they attest the fact, that no inconvenience of any sort attends the taking of torse moderness in ordinary cases, but that the patient, without feeling their operation, is universally left; in a stronger and better state of health than was experienced previous to being afficied with disease; and in all cases of acute suffering great relations, it is universally effected in two or three days.

In cases of FEVER of every description, and all billions affections, it is universally effected in two or three days.

The LIFE MEDICINES are also a most excellent relief in affections of the Liver and Bowels, as has been preved in hundreds of cases where patient-have come forward and requested that their experience in taking them might be published for the benefit of others. In their experation in such cases they restore the tone of the Stomach, strengthen the digestive organs, and invigorate the general functions of the whole body, and thus become to both sexes (for they are perfectly ada; ted to each) an invaluable means of preventing disease and irestoring health.

In affections of the head, whether accompanied with pain and guidiness or marked by the grisevous.

The Life Medicines possess wonderful efficacy in all nervous disc ders, fits, headaches, weaknesses, heaviness and lowness of spirits, dimness of sight, confused thoughts, wandering of the mind, vapours and melancholy, and all kinds of hysteric complaints are gradually removed by their use. In sickness of the stonach, flatulencies, or obstructions, they are safe and powerful, and as a purifier of the blood they have not their equal in the world!

For additional particulars of the above medicines, see Maffat's Good Samaritan," a copy of which accompanies the medicine; a copy can aiways be obtained of the different Agents who have the medicine for sale.
