ART-UNION OF LONDON,

W. L. Donaldson, Esq., 13, Southampton Street, Bloomsbury.

The Art-Union was established in 1837, to aid in extending the love of the Arts of Design throughout the United Kingdom, and to give encouragement to Artists beyond that afforded by the partonage of individuals.

Its promoters believe that these arts can never attain their due rank in this country (already so advanced in many of the other elements of civilization) until adequate encouragement be afforded to the highest efforts of the Painter and the Sculptor, and that to afford this encouragement large and permanent resources are indispensable.

With a view to the accomplishment of this object, the Society has adopted the following PLAN:

1. The Art-Union is composed of Annual Subscribers of One Guinea and upwards.

2. The subscriptions, after paying necessary expenses, are devoted to the purchase of Pictures, Drawings, Enamels, Sculpture, Medals, and other works of Art.

3. Every Member, for each guinea subscribed, is entitled to one chance of obtaining at the Annual distribution, and the respective value of such prizes, are determined by the Committee according to the state of the funds at the closing of the subscription books of the year.

5. The holder of a prize is entitled to select you amast. It under regulations herewith published, and work of art from any of the following public exhibitions in London, of the current year; viz., The Painters in Water Colours, or the Works of Art exhibited in Westminster Hall. All payments from the receipt of approved form.

The subscriber having been appointed honorary Local Secretary to the "Art Union of London," in the Province of New-Brunswick, is prepared to enter the names of subscribers and to furnish a Prospectus containing a more detailed account of its objects and proceedings on application at its Store, in Germain-street.

N. B.—No Money will be received from Persons subscribing to the Art-Union, until printed rest. John, 21st October, 1845.
