TWO THEFT CASES WERE UP TODAY

What Quinlan Boy Told Policeman Finlay—Phillips Says He Can Explain

Patrick L. Quinlan and Henry Phillips were committed for trial this morning in the police court on charges of theft. Quinlan, who is only sixteen years of age, was charged with stealing between \$40 and \$50 from the store of Mrs. Jeremiah Driscoll, in Millford, while Phillips, an Eastman, aged about 28, had several charges of stealing jewelry preferred against him. He said this morning that he could explain the possession of a number of watches said to have been taken from the store of L. L. Sharpe & Son, King street. He did not do so, however. Quinlan had nothing to say in his own defence. Policeman Finlay gave evidence of recovering the stolen money with the aid of Quinlan, the amount totalling \$135. He was taken to the lad's home, and on top of a beam in a woodshed the young fellow looked for the money, but failed to find it. He said it is understood he meant Mrs. Driscoll. The boy also said he had seen the woman with the money in the morning and that he had given it to her. By the way, it is understood he meant Mrs. Driscoll. WALSH THE COMING ONE MILE RUNNER

A. W. Covey, Home After Marriage Meet Speaks Highly of the St. John Youngster
Messrs. Megarity, Walsh and Covey registered last evening from Charlottetown, where they took part in the maritime championship meet last Wednesday. Mr. Covey, in conversation with a Times reporter, today expressed himself as being fully satisfied with the trip, both from the pleasure standpoint and from the success of the meet.
"The maritime meet of 1910," he said, "exceeded all previous ones in my experience, and was a grand success, far surpassing the expectation of those in charge. The boys from St. John did remarkably well, considering the material with which they qualified. Of course everybody expected Cameron to win, and it was no surprise when he did so, but he travelled just the same, with Stirling behind him. Walsh fell in the race and lost so much that it was impossible to say just what he would have done, but let me tell you that by this time next year the youngsters will have already lowered the one mile maritime record, and will be having everything his own way."
The one mile race was very fast, and the participants were quite evenly matched.
Mr. Covey took second in the 100 yards, and today is the possessor of a silver medal.
The proposed meeting of the M. P. A. A. A. was postponed until September, when it will be held in Halifax.

VOLUNTEER LIST NOT MERELY PROMISE

First Applications of Exhibition Visitors at Private Homes Proves People in Earnest
A few weeks ago was published a long list of names of citizens who were willing to accommodate boarders during the period of the dominion fair. This week the readiness of the people to stand by the promises was proven.
The ladies to the number of about twenty-five, who will come here for one of the musical features of the fair, desired a boarding place, and a certain portion of the city was selected. In a very short time, at the houses first applied to, arrangements were completed. There was a good deal of satisfaction expressed when the exhibition manager learned the result of the first trial of the volunteer list.

ASSAULT CASE IS ENDED; FINE OF \$20

An assault case which has been dragging along in the police court for almost a month was settled this morning when Harry Short, aged twenty, was fined \$20 on a charge of beating Meyer Gordon, Jewish butcher of Main street. Short vigorously denied having committed the offence, but admitted having been concerned in the matter, with one Wm. Allan, who has now left for Boston.
Lawrence Totten gave evidence that he saw Allan, Short, and Gordon in a mix-up in Main street one night a few weeks ago, and saw the Hebrew struck, but by whom he could not say. The butcher told the court that one of the young fellows, either Short or Allan, had handed him a paving brick, with the invitation to try some male candy. He was then struck in the face and painfully beaten.
J. B. M. Baxter, K. C., appeared for Gordon.

Have You Ever Examined The Sectional Top of THE GLENWOOD RANGE

The sectional top of the Glenwood is a feature that is worth your while to consider when you are buying a range. The top of the Glenwood Range is built in sections and are made so that they are all inter-changeable and can be so shifted that you can move your wash boiler to the back of the range and have the front covers for cooking. This is a feature that is worth considering. Then the oven slide is so arranged that it will not pull out and leave your pipes, etc. drop to the floor or in the bottom of the oven, but by lifting it up slightly it can be taken out. The oven door shelf sliding when oven door is opened, is another feature that adds to the worth of a Glenwood Range. These are a few of the qualifications of Glenwood Ranges. Others we will show you.
