CONFERENCE CONSIDERS THE ONE-MAN-CAR

At a conference held yesterday afternoon in the office of Mayor Schofield, city hall, arguments for the operation of a one-man type of car were put forward by Thomas H. McCauley, manager of the New Brunswick Power Company, while negative claims were maintained by members of the motormen and conductors' union, represented by Ira D. Farris, the president. Some points of dispute were cleared away, but not all and it is expected that a demonstration of the one-man type of car will be made early next week, to Mayor Schofield and other officials, to determine how far the objections of the operators are justified.
