

DOZEN BAYONETS RUN THROUGH HIM

The Murder of General Dukhomin by Bolsheviks

Latter's Commander-in-Chief Tried in Vain to Save Predecessor — Maddened Soldiers and Sailors Not Satisfied Even With Death

Paris, Jan. 28.—A vivid picture of the circumstances of the murder, by infuriated Bolsheviks, of General Dukhomin, formerly commander-in-chief of the Russian army, is given by the Petrograd correspondent of the Matin, who apparently was an eye-witness of the tragedy. According to his story Ensign Krylenko, the Bolshevik commander-in-chief, endeavored to save General Dukhomin from the mob but his efforts were unavailing and the Russian commander was struck down by a sailor and then run through with a dozen bayonets.

The murder took place after the Bolsheviks had captured the headquarters of the Russian army at Mohilev. The general was on board a train when the mob surrounded him. According to the Matin's correspondent the general appeared at the window of his railway carriage.

"Throw up your epaulettes!" shrieked the soldiers, "or we'll kill you," and they shouldered their rifles.

Krylenko begged the general to give way to them, but Dukhomin refused. "They can go to the deuce," he cried. "Let them kill me."

A bullet whistled by, breaking the window, then a second. General Dukhomin went up to Dukhomin and gently took off his epaulettes. They were thrown to the mob and were quickly torn to pieces and for a moment he thought he was saved. Then a handful of sailors jumped into the carriage. They seized Dukhomin by the shoulders and pushed him to the end of the coach and then on to the platform. Krylenko ran after them. The general's appearance caused a great uproar.

"Kill him right out!" they cried. "Krylenko and Korniloff got off. Men like him must be killed at once."

As the mob pushed closer and closer upon the general, Krylenko stormed and shouted, but no one took any notice. With a single blow the general was struck down by a sailor from the rebel cruiser Aurora. Dukhomin got on his feet again once, his face streaming with blood. He tried to speak but a dozen bayonets were run through him, and then blows and kicks were rained upon his body.

The soldiers fought for his clothing, tearing it from him. The corpse, stripped bare, was set up against a railway carriage and the mob, laughing like madmen, started a grotesque game. Sailors, Red Guards, and soldiers made snow and mud balls and flung them at the general's head.

"I could no longer look on," writes the Matin's correspondent, "and dashed back into the carriage, where I found Krylenko sitting in a corner, his face in his hands. When he lifted his head I saw he was pale as death. 'Look at them,' he said in a whisper. 'There's no saving them in now. I and all the rest of us must come to the same end.'"

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments

"Danderine" Makes Your Hair Thick, Glossy, Wavy, and Beautiful

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scrappy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance. Get a small bottle of Danderine from any drug store or toilet counter for a few cents and prove that it has been neglected or injured by careless treatment—that all you need to have beautiful hair and lots of it if you will just try a little Danderine.

LATE CASUALTIES.
Ottawa, Jan. 28.—Tonight's list of 31 casualties reports seven Canadian soldiers killed in action, one died of wounds, twenty presumed to have died, one died, two wounded and missing, one prisoner of war, two prisoners reported, one missing, thirty-three wounded, twelve ill, and one gassed.

INFANTRY.
Wounded. L. Shields, St. Marys Perry (N.B.), E. Gallant, St. Timothy (P.E.I.), F. R. McKee, Flat River (P.E.I.), and others.

MOUNTED RIFLES.
Wounded. C. A. Rogers, Kinkora (P.E.I.), G. Lloyd, Truro (N.S.), and others.

ENGINEERS.
Wounded. G. W. Wood, Springfield (N.S.), and others.

SOLDIER SAVED BY BLOOD TRANSFUSION.
London, Jan. 28.—The practice of blood transfusion in the cases of badly wounded men in the army is growing in importance. Out of thirty-five wounded men who could not have survived otherwise, twenty-two were saved by this process.

GIVE THE CHILDREN PEPS

as soon as the first symptom of a cold appears. Neglected colds, the foundation of weak constitutions, and many cases of consumption can be traced to neglected colds in childhood.

A cold should receive prompt treatment, but don't make the mistake of dosing your child with common cough mixtures, syrups, lozenges, etc. The drugs which some of these contain have a most injurious effect upon the stomach, and if these are used, in trying to cure the cold you may ruin the digestion.

The Peps treatment is the safest and surest for all colds, coughs, throat and bronchial troubles. Peps contains no harmful drugs whatever, and can be given with perfect safety in any case.

There is never any difficulty in persuading a child to take Peps—they are so glad to take it, and the mother can give it whenever hours of anxiety if they would only keep a supply of Peps on hand.

For chills, sore throat, laryngitis, asthma, bronchitis and weak chest, Peps are equally good. All dealers 50c. box, 3 for \$1.25.

NO HARMFUL DRUGS IN PEPS.

Dangerous Stomach Acids That Make Your Food Ferment and Sour—Cause Gas and Indigestion

The Contents of an Acid Stomach should be Neutralized and Sweetened—Never Artificially Digested, Say Physicians

Medical authorities everywhere are now practically agreed that nearly nine-tenths of the cases of stomach trouble, dyspepsia, indigestion, heartburn, sour stomach, gastric catarrh, bloating, nausea, etc., are caused not by a lack of digestive juices or by imperfect digestive organs, but to an excessively acid condition of the stomach.

Nearly everyone who has stomach trouble, they say, carries about a glassful or more of this powerful hydrochloric acid in their stomach which is constantly irritating and inflaming the delicate stomach lining, souring their food, creating gas on the stomach, delaying digestion and causing the distressing symptoms so frequently mistaken for dyspepsia and indigestion.

Instead of forcing the sour acid food from the stomach to intestines with pepsa or other artificial di-

ST. ROSE'S SCORE SUCCESS IN CITY

The St. Rose's Dramatic Club made its first appearance in the city for years in the Y. M. C. I. last evening, when they presented one of their former successes, "The Duet of the Earth." This is the first dramatic performance to be staged in the Y. M. C. I. and it also marked the celebration of the anniversary of the formal opening of the institute to the public of the city.

Specials were given by Miss Mildred French, soloist; Frank De Grasse, bass solo; C. McEadden, step dancing; Miss Charlotte Hayes, soloist; Miss Maud French, soloist; and Miss Edna Walsh, violin solo. The accompaniment was by Mrs. Robert Pinkay, Bayard Currie and Miss Edna Walsh. Following the cast:

David Moore, of Maple Farm.
Susan Moore, his wife. Miss Helen Gillis Elizabeth, their daughter.

Jerry, their son. J. E. P. O'Toole, Dr. Templeton, the Village Doctor.

Miss Arabella, the Village Newspaper.
Miss Alma O'Toole.
John Ryder, owner of The Maples.

Wandering Tom, a Mystery.
Old Moss, his Companion.
Nellie, the Duet of the Earth.

Miss Blanche O'Brien.

FAREWELL RECEPTION AND PRESENTATION TO DR. BRUCE TAYLOR.
Montreal, Jan. 28.—An illuminated address and a cheque for \$1,000 was presented to Rev. Dr. R. Bruce Taylor, principal of Queens University, Kingston, by the congregation of St. Paul's Presbyterian church tonight in recognition of Dr. Taylor's services during his pastorate of St. Paul's. There was a farewell reception to Dr. and Mrs. Taylor at which Principal Fraser of the Presbyterian College, this city presided.

FAT REDUCTION IS NOT SINFUL

The purpose of Beauty is to refine the native unsmoothness of human nature. We all bow to its power. It is the only art which has no nihilist shadow. Alas! this means the fat woman must serve instead of rule, for beauty in woman is a composite of both line and feature.

Thousands of fat women are beautiful of face, but they lag behind in the race for preference—because a too ponderous outline dashes the favor their face has gained them.

Now, pretty fat women can reduce that fat (not the good pure-lined flesh) in a very simple way. No exercise—no dieting is necessary. Let them take one Marmola Prescription Tablet after each meal and at bedtime for a month. The fat will diminish. No wrinkles or pouches of skin will form, but the loss will be uniform. The fat will go as steadily as it came; fade away. The health will improve, the eye grow more brilliant, the wit sharper, the Marmola Tablets are a boon—and harmless (being made from the famous fashionable prescription: 1/2 oz. Marmola, 3/4 oz. P.E. Ex. Cusara Aromatic, 4-5 oz. Peppermint Water), and are likewise cheap, a large case of the drugist or the Marmola Co., 884 Woodward ave., Detroit, Mich., costing only seventy-five cents.

"Say Doctor, This Prescription Works Like Magic"—Physician Explains Why Nuxated Iron

Quickly Puts Astonishing Strength and Energy Into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-down Women

Ask the first hundred strong healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Out-door Dept.) of New York and the Westchester County Hospital says: "Thousands of nervous, run-down, anemic people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, put roses in the cheeks of women and give men as tonically increased energy and vitality."

Unlike the older forms of iron, Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of buoyant health.

No matter what other iron remedies you have used without success if you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of

Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. To be absolutely sure of getting real organic iron and not some form of the metallic variety always ask for Nuxated Iron in its original packages. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people 100 per cent. in ten days' time in many instances.

NOTE—Nuxated Iron recommended above by Dr. Sullivan can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by Watson's Drug Store, and all good druggists.

BIG DEATH RATE IN U. S. LARGELY DUE TO NEGLECT
New York, Jan. 28.—The assertion that 800,000 children and 15,000 mothers died from neglect this country last year was made by Miss Julia C. Lathrop, chief of the children's bureau of the Department of Labor, at a conference here under the joint auspices of the American and British Associations for the study and prevention of infant mortality. The purpose of the meeting was to discuss means for reducing the infant death rate. "If we want to make democracy certain in this country we have got to take care of our children already born as well as those about to be born," she said.

Dr. Edward Clark, of the State Department of Health, asserted that it is "of paramount importance that we pay more attention to the care of expectant mothers." He said that fully 60 per cent of the draft registrants rejected because of poor teeth, flat feet and other minor defects would never have suffered from these physical imperfections if they had been given proper care before infancy and the school period.

New Swiss Consul.
Montreal, Jan. 28.—Charles Passalier, manager of Parrish and Heinbockel,

How to Rid the Skin Of Objectionable Hairs

(Aids to Beauty.)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required. Mix a stiff paste with some powdered talc and water, apply to hairy surface and after 5 or 10 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real talc.
