A BRILLIANT WEDDING IN OTTAWA.

Richardson-Jones Nuptials in Grace Anglican Church, on Wednesday Attended by Local People

Ottawa papers of Wednesday contain long reports of the wedding that day in Grace Anglican church, when Miss Ethel Clark, eldest daughter of Mr. and Mrs. L. K. Jones, was united in marriage to William Gordon Richardson, of the Bank of Montreal, Winnipeg, the son of the late Archdeacon and Mrs. Richardson, of London, Ontario.

A GROWING BARN Here is a Suggestion For New Brunswick Farmers

Lloydminster, Sask., Sept. 29.—A farmer here has a barn, probably most remarkable in the world. It was built about a year ago. He recently discovered willows which had been used for corner posts and walls were growing, and that the floor had risen three feet in a year ago last spring the barn was on still nine feet high; and he put in another floor, converting it into a two-story building.

HON. MR. FIELDING AT OTTAWA, IS MUCH IMPROVED

Specialists Say His Illness is Not Serious—Reciprocity Negotiations May Be Delayed

Ottawa, Ont., Sept. 29.—(Special)—Hon. W. S. Fielding, Mrs. Fielding and Miss Edith, reached Ottawa at noon today. The finance minister appears to be in good spirits and intends to remain in Ottawa and undertake the work of preparing for the session. Montreal specialists have declared that Mr. Fielding's facial paralysis is due entirely to a severe cold and that it will disappear under treatment in the course of a few weeks.

Americans in London rather heavy, with small changes.

Bank of England rate advanced to 4. London settlement concludes today. Roosevelt platform and ticket including direct nominations carried at Saratoga. Democratic candidate for governor likely to be selected this morning. Bricklayers strike in New York becoming serious and may affect 35,000 men. Teachers fail to report any improvement in iron and steel situation. London market dull and heavy, of advance in the bank rate, which, however, had been generally foreseen. Interstate Commerce Commission expected to grant a number of rate advances. Fifteen roads for third week September show average growth increase 4.2. Illinois Central annual report shows \$1.7 p. c. for capital stock. Reading system all companies, August net decrease \$74,570; August surplus decrease \$59,500. Two months net decrease \$109,700, two months surplus after charges and tax decrease \$78,728. Twelve industrials declined .05. Twenty active rails declined .03.

Glucose Letter. New York, Sept. 28.—From well informed people I heard yesterday that there is a strong probability of a cut in steel prices in near future. This is a Wall street rumor, but comes from close to the fountain-head. Such a cut would have a bad sentimental effect just now. The market is in a nervous stage and manifestly waiting for a decline will take advantage of every little bear item. The actual results of such a reduction might be beneficial in the final outcome, but would be disastrous in spots, especially some independent concerns.

Personally I do not now feel so bullish on Reading. The stock has been too much manipulated and hot air. The buying for a few days, while up, has been very good, while accompanied by extravagant rumors. The statistical showing of the company is excellent and it will in time sell much higher, but I think it is better now to accept profits and let the stock alone for a time. It is all right to remain on the long side if other high priced stocks are sold against it, but otherwise not. We may safely ignore politics for the time being. There is no response to the bull news and stocks will sell lower before we get on the up-track again. Would buy wheat and corn on all soft spots for a good turn; cotton is a sale on all advances.

Financial. New York, Sept. 28.—Irregularity likely again today. Monetary developments combine with political news may cause some professional selling. The daily trader may with profit resume his neutral attitude for time being. On general principles we would prefer good railroad stocks as sales on strong spots, with stop order protection. Latest indications point to some little flurry in call money funds during today or tomorrow, but it is not important. The outlook for the bank rate is strong at 100, but that will be temporary. It may check for the time being the bond demand, but that will be remedied later. Weather reports seem to us to be favorable to the grain crop. Some talk of cotton damage is heard, but it may be exaggerated. Political news from Saratoga is not altogether reliable, though to a great extent expected. We think the refusal of Gaynor to run for governor of the democratic ticket has somewhat dis-

MONTREAL LIQUOR CASES

Two Men Committed for Trial in Dominion Alliance—Cases for Conspiracy

Montreal, Que., Sept. 29.—(Special)—James B. Woods and James O'Sullivan were this morning committed for trial on a charge of conspiring to defeat the ends of justice by suborning evidence. This is the latest development in the 108 cases entered against the liquor dealers by the Dominion Alliance here. Woods is accused of having sold manufactured evidence to the Alliance.

There is more cause in this section of the country than in all other districts put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatments, it incurred a stubborn and inveterate character. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Halle's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
