

## OBSERVE 67TH ANNIVERSARY IN FAIRVILLE

Methodist Congregation Plan  
Special Events for Week  
Beginning Sunday

HAVE OVERCOME  
GREAT OBSTACLES

Two Churches Destroyed by  
Fire—Names of Ministers  
Are Recalled.

The 67th anniversary of the Fairville Methodist church will be observed with special services on Sunday and during the week. Special music will be furnished by the choir. Rev. J. M. Rice is the pastor. Rev. Dr. H. E. Thomas of Sackville, editor of the Wesleyan, and formerly of St. John, will preach at both services on Sunday, and will give an illustrated lecture at an open session of the Sunday school in the afternoon. Rev. R. G. Fulton will give an illustrated lecture on Monday evening on the Centenary of Missions. Wednesday evening will be marked by a congregational prayer service, led by the pastor, with music by the choir. On Thursday evening there will be a congregational reunion, with speeches, reports and music. On Friday the Mission Band will furnish an interesting programme.

**Interesting History.**  
The Fairville Methodist church has an interesting history. Service was originally conducted by Rev. Richard Smith. There was no church at that time, and the minister's house was used for services. Later a room over a barn was remodelled as a meeting place, and on Sunday afternoon services from St. John were held. Among those officiating at that time were John Fraser, Walter Wilson and James Sullivan.

It was finally decided that a church was necessary, and the late Rev. Dr. Wilson started out with a subscription list. In his memoirs he writes that on making a heading for his list he thought that Lancaster was too indefinite a location for a church, and so, he says, without consulting anyone he called it the Fairville church in honor of Robert Fair, one of the oldest inhabitants of the place, and an active member of the denomination.

**Building in 1861.**  
The first real building was begun in 1861, and completed in the following year. The first board of trustees was composed of Robert Fair, John Clark, Hon. J. D. Lewin, G. W. Dill, Alexander Barnhill, John Moore, William Beatty and George Kingston. On May 8, 1862, the church and parsonage as well as many homes in Fairville were destroyed by fire and a new building was begun in the same place. In the following spring and completed May 16, 1863. At that time the late Rev. Douglas Chapman, D. D., was pastor of the church. The cornerstone of the new building was laid by Senator Lewin, who received a silver trowel as a memento of the occasion.

**Second Fire.**  
The building was well on toward completion but had never been occupied when it caught fire and was practically demolished. At that time there was no fire fighting apparatus in Fairville, and the heroic and successful work of the church members and other citizens who saved the building is still recounted by older members of the congregation.

After the second fire the congregation kept together, holding services in the Orange Hall until a new building was erected. This was dedicated on Jan. 13, 1865. The officiating ministers were Rev. Dr. Chapman in the morning, Rev. Mr. Corey, Baptist minister, in the afternoon, and Rev. Thomas Marshall in the evening. Three years after the church organ had been in use, a pipe organ was presented to the congregation by Hon. Mr. Lewin, who had all along taken an active part and given generously toward the support of the church.

In the early years of its history the Fairville circuit included Westfield, Grand Bay, South Bay, Lorneville, Musquash and Lepreau and for a time St. George. This was a very large district, but as the work prospered these outside settlements secured churches of their own.

**List of Pastors.**  
A list of ministers and dates of pastorate is as follows:—  
1863-1865—Rev. Robert Wilson.  
1865-1866—Rev. Robert H. Taylor.  
1866-1866—Rev. Job Shenton.

Dr. Douglas Chapman, 1868-1870 and again from 1892-1894; Rev. Thomas Marshall, 1884-1887 and again from 1917-1921.

The Present Pastor.

The present pastor is a son of Rev. Stephen H. Rice, a minister of the circuit 1887-1890. He spent three years of his boyhood in Fairville as a member of the family at the Methodist parsonage. Mr. Rice will finish his present pastorate in June and will then assume his new duties as pastor of the Methodist church at Marysville, N. B. His term in Fairville has been helpful, and the finances of the church are reported gratifying. Under his leadership the church has made progress, is well organized and is prospering in its various activities.

The present church is an up-to-date structure. The auditorium has a seating capacity of 300. It has a bright and cheerful school room; also a library, church parlor, and several class-rooms. It has a surplus choir of 16 members, and excellent music is furnished. During the last two years the church has undergone extensive repairs, which cost in the vicinity of \$3,000, the interior and exterior being renovated. On the site of the front entrance a concrete block fence greatly adds to its outward appearance.

## RECOMMENDATIONS TAKEN UP LATER

Civic Power Commission Receive Several Proposals—  
Regret at Fatal Accident.

At the meeting of the Civic Hydro Commission yesterday afternoon a resolution of sympathy was ordered sent to the family of William McNulty, who lost his life through an accident while in the employ of the commission. Recommendations that a flat rate be adopted for hot water heaters, that a semi-monthly paper be published in the interest of hydro and that a permanent auditor be appointed were laid on the table for future discussion.

The chairman, E. S. A. McMullin, presided and Mayor Potts, Commissioner Harding and Messrs. J. N. Flood, James Lewis and A. M. Rowan were present.

**Report On Accident.**  
The engineer reported that on Feb. 11, William McNulty had been shocked while at work on the line and later on that day died from internal injuries received by falling from a pole. On motion of A. M. Rowan it was decided that the members of the Commission attend the funeral and Messrs. Rowan and Flood were appointed a committee to draft a letter of sympathy to be sent to the family of the deceased.

The engineer also reported that sheds Nos. 1, 2, 5, 6, West St. John, had been connected to the hydro lines. He recommended that a committee be named to consider the matter, and the chairman, secretary and engineer, be appointed to confer with the directors of the Admiral Beatty Hotel about securing that land for hydro. This was agreed to.

A letter from Harley Knox, Millidgeville, asking when the hydro lines would be extended to Millidgeville, was filed.

**Flat Rate Considered.**

The committee, composed of Messrs. Flood, McMullin and Wilson, appointed to consider the matter of a flat rate for hot water heaters reported recommending that a flat rate of \$6 per month be made for this service when the heater was used in conjunction with a hydro range.

Mayor Potts said he was opposed to the principle of a flat rate for any part of the service as he felt that every customer should be on a meter, and the amount of current used measured. Consideration of this matter was deferred and the report laid on the table.

**Hydro Paper.**

The secretary presented a proposition from a local printing office to print and distribute 3,000 copies twice a month of a publication to be called "The People's Own" devoted to hydro, at no cost to the Commission.

Mayor Potts said he would like to see the proposition in writing and it was decided to defer action until the next meeting at which time the secretary will endeavor to have the offer in writing.

The secretary recommended that permanent auditor be appointed and this matter was referred to a committee composed of Messrs. Rowan, Flood and Harding.

## SEES MUCH GOOD FROM TRADE MISSION

J. E. McAulay Speaks of Men  
Who Will Not Take Share  
Work.

The undertaking sponsored by The Telegraph-Journal and Times-Star in sending A. M. Belding and J. D. McKenna, M. L. A., into Quebec, Ontario and the west to spread the doctrine of the Maritimes, J. E. McAulay, of Millstream, considered a very fine thing. It was the first time such a mission had been undertaken and he felt sure that much good would be reaped as a result.

Canada's Trouble.

Mr. McAulay diagnosed the trouble with Canada by saying that 60 per cent of the men of the country were "home-wreckers." He did not mean this in the popular interpretation but rather in the sense that a man who, through shiftlessness, neglected his home and passed up opportunities to improve it and who, instead of putting a hand to the plow and assisting, sat back and "let George do it," was a home-wrecker.

One of this genus in a parish affected the whole parish; one in each of a number of parishes affected the country;
