THE ART JOURNAL OF AMERICA, ISSUED MONTHLY.

A MAG NIFICENT CONCEPTION, WONDER

The necessity of a popular medium for the representation of the productions of our grea artists, has always been recognized, and man attempts have been made to meet the want ce seive faitures which so invariable allowed each attempt in this country to estal lish an art journal, did not prove the ind ff r ence of the people of Am rica to the claims o high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the jublic at once rabled with enthu siasm to its support, and the result was a great

artistic and commercial triumph-THE ALDING THE ALDINE, while issued with all the regularity, has cone if the temporary or timely interest characteristic of ordinary periodicals It is an elegant mi cellany of pure, light, and graceful literature; and a collection of pic ures the rarest specimen of artistic skill, in back and white Athough each succeeding num ber off rds a tresh pleasure to its friends, the real value and beauty of THE ALDINE will b most appreciated after it is bound up at the may claim sup-rior cheapness, as compared with rive's of a similar class THE ALDINE is a unique and original cor er prior .- alone and unapproached absolutely without competition i price or character. The possessor of a com-plete volume can not dop, cate the quantity of tine paper and engravings in any other shape or number of volumes for ten times its cost and then, there is the chromo, besides!

The national feature of THE ALDINE minbe taken in no narrow sense. True art is cos mopolitan. While THE ALDINE is a strictly Amer can institution, it does not confine itself entirely to the reproduction of native art. mission is to cultivate a broad and appreciative art taste, one that will discriminate only or grounds of intrinsic merit. Thus, while place ing before the patrons of THE ALDINE, as a leading characteristic, the productions of the most noted American artists, attention wil always be given to specimens from foreign

The artistic illustration of American scen ery, original with THE ALDINE, is an import and feature, and its magnificent plates are of a size more appropriate to the sai factory treatment of details than can be sfforded by any inferior page. The judicious interspert sion of landscape, marine, figure, and anima subjects, sustain an unabated interest, impos sible where the scope of the work confines the natist too closely to a single style of subject. The literature of THE ALDINE is a light an graceful accompaniment, worthy of the artistic features, with only such technical di-quisitions as do not interfere with the popu'ar interest of

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Birtens?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Birtens in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Billous Diseases.
