

Put a Watch on the boy.

He will be a better boy—will be early to school—it will teach him habits of punctuality.

For \$2.50 to \$4.40 we sell a good suit of Clothes, which with fair treatment will last twelve months. Besides this we will sell you a good watch, we call it the Boy's Watch, because it seems to just about suit the average boy.
Price

99 Cents.
