THOROLD, 4th June, '90.

DR. DAY, Trenton.

Dear Sir,—I write to you in your official capacity, as President of the Discipline committee of the Ontario Medical Council. I am convinced that I ought to follow the advice of Mr. Cassels, and abide by the code of Medical ethics as promulgated by the Ontario Medical Association, and I hereby promise you and the Council so to do; in fact I intend, to take up land in Manitoba, retiring from the profession entirely; and therefore venture to hope that my name will not be erased, as Mr. Cassels thought it would not, if I made this submission. I couldn't agree to it then, and so he withdrew from my case. For the sake of my wife, who has been heart-broken ever since October 17th, and our young family whose innocent heads would be bowed in shame and their lives clouded forever, I have decided to ask pardon and forgiveness, giving my sacred promise not to so offend any more. I have one son just begun business a year ago, two young ones 8 and 10, and a girl at the Bishop Strachan school, from which she would have to retire should this disgrace come on me. I apprehend it will not be necessary for me to attend, I could not bear it again.

Respectfully yours,
B. H. LEMON.
