ISLANDS RIDING
SELECTS CANDIDATE

PATERSON WILL BEAR
THE LIBERAL LANCE

Enthusiastic Meeting at Sidney Friday
Night—Bright Prospects for Elec-
tion of Nominée.

The first candidate selected for the forth-
coming election is T. W. Paterson, M. P.,
who will contest the Islands constitu-
ency in the Liberal interests.

T. W. PATERSON,
Liberal Candidate for Islands.

choice. The convention was a very repre-
sentative one of all parts of the electoral
district. The popularity of Mr. Paterson
was shown by there being present in ad-
dition to the straight Liberals several who
belonged to the opposite camp, but who
recognize that the interests of the consti-
tuency are to be served best by the
selection of the present member to repre-
sent it in the next House. No other name
was mentioned in the convention. The
election of Mr. Paterson is regarded as
certain.

In the evening a public meeting was
held, which was well attended. Mr.
Munroe presided at the meeting, and ex-
cellent addresses were delivered by T. W.
Paterson, E. P. Duff, K. C., and Mr. Kane.
The speakers dealt with the general situa-
tion of affairs in the province. A change
in the government was urged as a neces-
sity in the public interests. The Columbia
& Western and other scandals with which
the supporters of the present administra-
tion were connected were touched upon in
this connection. The tone of the meeting
was most hopeful in the interests of good
government by a return of the Liberal
party to power. The delegates present
questioned whether a candidate will be
found to enter the fight against Mr. Pater-
son. They felt assured that no one could
do so with any expectation of winning. The
Islands, in common with nearly every other
part of the province, is tired of the condi-
tion composed of 78, the other 41 being
and are determined to return a member who
represents stable government, and one who
will take a very important part in the con-
duct of the affairs of the province.

ARRIVED FROM ENGLAND.

Thirty-Seven Young Women Reach Win-
nipeg—Several Coming to Coast.
"The second party of young women
brought over by Hon. Mrs. Joyce from the
Old Country reached Winnipeg on
Monday on the delayed east express,"
says the Free press.

"They were in charge of Miss Drake,
secretary of the Montreal home. The
party was composed of 37 women, 27 of
whom continued their trip an hour later
in their special car attached to the west-
bound regular train. Of these 13 are
going through to Vancouver, the rest be-
ing distributed to various points on the
way out. Of the ten who dropped off at
Winnipeg only a few will remain in the
city, some going to Salt Lake and other
points. The party, which consists of
young women who have come out to join
husbands and brothers already here and
a few for domestic service, was original-
ly composed of 78, the other 41 being
destined for Ontario and the east.

"Speaking of the prospects of the
movement, Miss Drake said that the
numbers brought out this year would
unquestionably be far in advance of all
previous years. Last year the arrivals
lacked but one of 200, and at the rate
they have begun this year there should
be between 250 and 350 brought out.
Owing to the unusual immigration from
the British Isles this spring the number
should rapidly advance from year to year
and reach totals that a few years ago
were undreamt of."

GOING TO REGINA.

H. F. Mytton, Manager of Bank of Com-

Henry F. Mytton, manager of the
Greenwood branch of the Canadian
Bank of Commerce, has received notice
of the bank's appointment as manager
of the bank's branch at Regina, the cap-
ital city of the Northwest Territories.
He will be succeeded by W. Allison,
well known at New Westminster,
where for several years he was account-
ant of the Bank of British Columbia, and
McBride, ex-governor of the penitentiary.
Mrs. Allison is also sister of the Hon.
Richard McBride, now Premier of Brit-
ish Columbia. Latterly Mr. Allison has
been at Portland, Oregon.

CONGO FREE STATE.

Belgium Has Given Up All Idea of An-
nexing the Country as a Colony.

According to advices received at the
Hague, the government at Belgium has
decided to abandon the project of annex-
ing the Congo Free State, allowing the
option of annexation to expire. It is
explained that Belgium is disinclined to
assume the responsibility of governing
the Congo as a colony because of popular
opposition and the attitude of Great
Britain.

The Congo Free State was establish-
ed by the act of the International Con-
ference in Berlin in 1885, under which
it was declared to be a sovereign power
under King Leopold of Belgium. Leo-
pold bequeathed all his rights in the
State to Belgium, and by a treaty made
in 1890, Belgium received the privilege
of annexing the State after a period of
ten years. This convention has now ex-
pired.

INTERESTING ADDRESS.

Discourse on Ragged Schools of London by
John Kirk Last Evening.

John Kirk general secretary of the Rag-
ged Schools Association gave an address
last evening at the Y. M. C. A. rooms to
members and friends of that institution.
His remarks proved to be of an interesting
character. Before touching on the subject
of his discourse he stated that in all his
tour the Y. M. C. A. always had a hearty
welcome, and put him in touch with Chris-
tian workers. The work of Lord Shaftes-
bury in the interests of the child was then
outlined. Sixty years ago child life in Lon-
don was something dreadful. Then some
earnest Sunday school teachers seeing that
there was a wide field for labor took it
up and since then one hundred and fifty cen-
suses had been established, and 100,000
children had derived a direct benefit in
the way of free education, free clothing and
free board. Continuing, he said that the
success of the movement had been largely
through the assistance of Lord Shaftes-
bury, who was liberal in supporting finan-
cial aid. The latter had also been indefat-
igable in his efforts to have the educa-
tion bill introduced.

Another interesting branch of the work
the speaker said was that of relieving
children, who were literally starving finan-
cial aid. The latter had also been indefat-
igable in his efforts to have the educa-
tion bill introduced.

Devastation wrought by the floods of
Kansas can hardly be imagined. The
reports which have been received tele-
graphically, recounting the destruction to
property and the loss of the homes of
thousands, convey but an inadequate idea
of the ruin that has been spread wide-
cast over the country. There are, it is
estimated, one hundred people in Victoria
who are directly concerned in the flood,
having relations living in Kansas City,
and who will read with absorbing inter-
est the graphic account given in the fol-
lowing letter, which has just been re-
ceived by Mrs. R. H. Green, Mount

LIVER TROUBLES

LIFE FULL OF MISERY TO SUFFERERS FROM THIS TROUBLE.

Taste in the Mouth and Pains Ex-
tending to the Shoulders.

(From the Brockville Recorder.)

Sufferers from liver troubles find life
one of almost constant misery, growing
worse and worse unless prompt steps are
taken and the proper remedy be taken to rest-
ore the organ to its natural condition. Mrs.
Joseph Leclaire, of Brockville, was such
a sufferer, but has been, happily, released
from the trouble by the only medicine
known to thoroughly restore this im-
portant organ to its normal condition,
one disease has fastened upon it. Do a
reporter, Mrs. Leclaire willingly gave her
story for publication. She said: "For a
long time I suffered severely from com-
plications of the liver and dyspepsia. I
would awake in the morning with pains
under my shoulders and in my stomach.
My tongue was heavily coated, and I had
a horrible taste in my mouth, especially
on arising in the morning. I was consti-
pated, and at times my head would ache
so badly that I could scarcely let it rest
on the pillow. There was such a burn-
ing sensation in my stomach at times
that it felt as though there was a coal of
fire in it. The pain was especially severe
after eating, and for months my life was
one of misery. A friend advised me to
take Dr. Williams' Pink Pills, and I did
so. After using the first box, there was
a material improvement, and in the
course of a few weeks longer I felt that
I was completely cured. My tongue was
cleared, the food tasted left my mouth,
the pains disappeared, and I am as well
as ever I was. Before taking the pills
I suffered from bronchitis at times, but
it has never since troubled me. I can
recommend Dr. Williams' Pink Pills to
anyone who suffers as I did."

Dr. Williams' Pink Pills restore health
and strength by making new, rich, red
blood, thus strengthening every organ in
the body. They do not act merely upon
the symptoms, as ordinary medicines do,
but go directly to the root of the trouble.
In this way they cure such diseases as
liver and kidney troubles, rheumatism,
paralysis, St. Vitus' dance, heart
troubles, sick headaches, anaemia and
irregularities, such as the liver and
many women one of constant misery. Do
not be persuaded to take any substitute;
see that the full name "Dr. Williams' Pink
Pills for Pale People" is on the
wrapper around every box. If in doubt,
the pills will be sent postpaid at 50 cents
a box or six boxes for \$2.50, by address-
ing the Dr. Williams' Medicine Co.,
Brockville, Ont.

LOGS ARE PLENTIFUL.

Logger Tells of Not Having Been Able
to Negotiate a Sale.

George Daykin, a logger from Jarvis
Inlet, was in the city a few days ago en-
deavoring to negotiate a sale for his
logs, which are now lying in that water
ready for shipment. Mr. Daykin says
that he interviewed nearly all the mill
men in this city, but found no demand
for his logs, although he would have sold
them at the lowest market quotation.
Logs are now very plentiful according
to Mr. Daykin, and furthermore are
cheap. Mr. Daykin says that the in-
crease demanded in wages by workmen
in the woods over that which they were
receiving a few years ago when lumber
was selling for about half what it is now
bringing should not make more than a
dollar a thousand difference in the price
of logs. Timber which he has been cut-
ting was found right on the coast line,
and required comparatively little labor to
roll down the hill slopes into the water.
A few months ago Mr. Daykin states
logs were much scarcer than they are
now, but on the Mainland, as on the
Island, he discovered that the mills had
a bountiful supply.

In the long history of the order in British

An important matter to come up on
Thursday was the proposal to reduce the
number of representatives from one for

members of subordinate lodges. After
some discussion the question was shelved
for a year. The rest of the session was
taken up with matters of importance
only to the order. Everything was clean-

the new officers were installed, after
which the delegates went there way to
the Badminton, where a banquet was
tendered the visiting delegates.

Regatta Has Been Rejected.

New York, June 12.—The American
committee of C. S. Titus, the Amer-
ican amateur champion in single sculls,
shells, to the Henley regatta has been
rejected. Titus's entry for the diamond
sculls was made by the Atlantic Boar-
d of this city. At a meeting of the
executive committee of the National As-
sociation of Amateur Oarsmen in March
he was endorsed as a true amateur, and
this endorsement and also the entry
were signed and took up the Henley com-
mittee through the secretary of the National
Association of Amateur Oarsmen.
In its refusal to allow Titus to row,
the Henley regatta committee, it is
stated, acted under rule 10 of the regatta
rules, which gives the committee power
to return any entry or entries without
assigning any reason therefor. Titus had
been making preparations for several
months to row in the Henley regatta.
He has worked hard, and is now in fine
rowing fettle. Titus will continue in-
training, and proposes to compete in the
American Henley and People's regattas
at Philadelphia on July 2nd and 4th
respectively.

ASSEMBLY ACCEPTS
VICTORIA'S INVITATION

Courtesy of the Capital Acknowledged—
Proposal to Reconsider Case of
Rev. Dr. Wilkie.

Vancouver, June 12.—An invitation
was received by the general assembly
this morning from the Presbytery of
Victoria asking delegates to visit the
capital, and if possible hold a session
or two of the assembly in concluding
business, also to allow of the visitors be-
ing entertained and taking part in a con-
versation proposed for Friday night
week. The intention of the invitation is
that the assembly should leave Van-
couver on Wednesday, complete the ses-
sions in Victoria on Thursday, visit
Esquimalt and other points on Friday,
the entertainment in the evening to finish
the trip. It was argued that the oldest
church in the West was located at Victo-
ria, and it was eloquently represented
that Victorians would be encouraged by
a visible sign of the extent of the power
of the church in the Dominion. This
invitation was supplemented by a tele-
gram from the Mayor of Victoria.

The assembly decided that it was im-
possible to hold a session in Victoria, but
it was agreed that the invitation extend-
ed to members should be accepted with
thanks, and the courtesy of Victoria
acknowledged and entered on the records.
The proposal now is that the sessions
close about Wednesday afternoon, when
members will visit Victoria.

This morning's session was given over
to the consideration of the case of Rev.
Dr. Wilkie, formerly principal of the
Presbyterian College, of Indore, India,
who owing to differences with other mis-
sionaries in that field was removed, and
is now without a station. A large num-
ber of memorials from the Presbyteries
of Ontario petitioned for the reopening
and reconsideration of the entire case
from India. It was decided after a long
discussion that a committee should be
appointed to see whether the material
submitted justified reconsideration.
