

The Chair of Apologetics and Evidences of Christianity, and the Chair of Biblical Theology and English Bible, are common to both Colleges. The students in Arts and in Theology will therefore attend the same courses of lectures in these subjects. In the case of some other Chairs where the subjects are closely related, as in Secular History and Historical Theology, the same Professor lectures upon these subjects in both Colleges. The adjustment of work in this respect will be seen by referring to pages 15 and 24 of the Calendar.
