TO LET—From May 1st next, the boarding house 130 Union Street, containing 28 rooms and bath. Occupied by Miss Campbell for the past several years will be offered to the St. John public has been more than lived up to. First come Leah Kleeschna, Mrs. Plank's well known success, never before seen locally, was admirably done by the company. Then came the two Ophelias and the Wind, each played in a manner which left nothing to be desired. As a Man Soweth, so shall he also reap, in being produced on an elaborate scale. Competent judges claim that the last act setting of this play is of the most beautiful ever seen upon the Opera House stage. The average stock company produces one play each week and when one stops to think that St. John's organization of stock players are playing three plays each week and at the same time studying and rehearsing those that are to follow, it must be conceded that our players are about as hard-working a band of men and women as can be found anywhere. It means one continual routine of rehearsing, studying, meeting dress-makers and giving performances early morning until long after midnight. The designing of scenery for three plays each week is an important task.

Tonight "Our Own Stock Company" will be seen in C. Cartier's great Experiment. The plot of the play is original in theme and in its presentation. It is a story of a man in a series of situations and at the same time a charming love story. Forthcoming productions include: "Lost Paradise," the big scenic melodrama; Marie Correll's well known sensation, "The Story of St. John's"; "The Great Day," a new play, One Summer's Day, (first time in Canada), and a magnificent "The Girl of the Year." "Our Own Stock Company" says they are going to stay in St. John and make a long run. It is quickly learning that they are decidedly worth while.

AMUSEMENTS

"OUR OWN STOCK COMPANY" THE COLONIALS RAPIDLY BECOMING POPULAR FAVORITES.
