

# CURLING

As intramural curling manager, I am pleased to report a very successful season. I might add that whoever said that curling was an old man's game did not visit the Civil Service Curling Club on Thursday afternoons. With twenty-four rinks competing for honours, the "chips-and-roll", the "double take outs", the "draws to the button", and the "close games" were all plentiful.

Three leagues were formed, with eight rinks in each league. The first and second winners of their respective leagues were to compete in the intramural finals. The rinks to look for in the playdowns were: Steidl, Pettigrew, Munro, Langlois, Manz, and Edy; with Keys, Roney, and Needham not out of contention.

To the sixth draw, there has not been a single default. This proved very encouraging for the draw master and skips.

Two men's rinks and one ladies' rink represented this campus at Saskatoon. All rinks fared fairly well, and greatly added to the prestige of this campus.

Yes, a very successful season which proved to be a lot of fun was had in 1961-'62.
