BANGOR FALLS TO ST. CROIX CAPITALS DEFEAT GREEKS

FREDERICTON, N. B., August 7.—Dave Morey showed his real form today for the first time since joining Fredericton this year, with the result that they won from St. John by a score of 8 to 2. Morey's good pitching was the feature of the contest, three of the hits being charged up against him being very scratchy, while he had ten strike-outs. The Pets played fine ball behind him, the only error being a fumble by Bert White on a hit, which allowed St. John to score their first run. Waterhouse, O'Brien, Riley, Conley and Ganley supplied fielding features. Williams, who did the pitching for St. John, was hit hard at times, particularly in the third inning, when the whole Marathon team went up in the air with him and before they got settled down Fredericton had four runs over the platter and the outcome of the game was settled there and then.

"Red" Murphy opened the big round with a slashing double to left field and was neatly sacrificed along to third by Morey, who dumped a bunt along the first base line. Keaney hit a fast one past third and Murphy scored the first run of the game. Keaney stole second, and Bob Ganley dumped a bunt down at the plate and was safe at first. Ganley stole second while Williams held the ball and when he pitched made a latent throw to second Keaney crossed the pan. Ganley started to steal third and O'Brien dropped the ball. Duggan swung to a fast one at O'Brien and the latter let it get away from him. Duggan stole second and then Stone slugged to centre, Ganley and Duggan scoring. Bob Conley flied out to Riley, but White hit one too fast at McPherson, everybody being safe. Callahan forced White at second.

In the Marathons' fourth, while Waterhouse was batting, Murphy had a finger badly bruised by a foul tip, and the game was held up while repairs were made. Morey cooled off somewhat and Waterhouse walked long enough for a pass, advanced to second on Riley's safety to centre, and came all the way home when Ramsey's hit was monumentally fumbled by White. Williams struck out, but O'Brien singled to centre. Ganley made a perfect get to Murphy and Waterhouse was caught at the plate. In the previous inning, with two on, Morey had purposely passed Flaherty to take a chance on Pease's attempt to bunt the former St. Croix slugger could produce was an easy fly for Ganley.

Fredericton scored another in the sixth. Conley opened with a grounder to O'Brien, who threw wide of the mark. White hit to the pitcher and got credit for a Cincinnati hit. A futile try was made to get Conley at second. Callahan hit safely to centre, field, scoring Callahan. White going to third. Murphy bunted and White scored while Callahan went to second on the sacrifice. Morey pitched a bunt resulted in a pop fly for catcher. Keaney drew a base on balls. With the bases full, Ganley flied out to Pease in centre.

The Marathons scored another in the seventh, Ramsey opening up with his second base on balls. Williams slammed one at Morey that the latter was able to touch only with the bare hand. O'Brien sacrificed, Han to Stone, and then McPherson struck out for the fourth time. Flaherty leaped on a fast straight one. The ball went at Morey like a bullet. Dave instinctively stuck his glove up. The ball hit it and glanced into the air and Ramsey scored.

Fredericton's last score came in their half of this inning. Duggan was robbed of a double by a remarkable catch by Bill Riley. Stone hit safely and went to second when Williams was slow to cover first on Conley's bunt, which Flaherty took care of. Brien pegged down to first to get Conley off the bag and Stone went to third, scoring on Bert White's bunt. Conley reached third on the play, and when White started to steal second Brien sent a short throw to McPherson, who pegged back to the plate in time to get Conley. McPherson made a phenomenal one-handed stop of Callahan's grounder and had an easy throw to Flaherty to end the inning.

YOUNGSTER WHO HAS BEEN PITCHING SENSATION OF SEASON

JOE BOELLING WASHINGTON STAR PITCHER

"Joe" Boelling got his major league start this year because Clark Griffith, manager of the Washington club, was sorely in need of a left handed pitcher. Griffith did not like to call on the youngster. He had virtually decided to let him have another year in the minors before calling him into fast company, but the manager's hand was forced. He had to have a southpaw and recalled Boelling. No young pitcher has ever come to the front as rapidly as did this youngster, who was first uncovered while pitching amateur ball in Richmond, Va. He won his first eleven games and was defeated. He is twenty-one years old, six feet tall and weighs 180 pounds. He has a nifty curve ball and a great fast one. He holds the season's record for consecutive winning.

minute from the time that Mr. Umpa calls "play ball" until the last man is out. The Marathons' infield suffered a shakeup yesterday, owing to Shanley being unwell and not able to accompany the team and with Pinkerton missing the train. These are two important players on the Greeks, and it is regrettable that they were not with their team mates in an endeavor to capture a victory from the Border City team.

The boating parties in America began about a century ago, although in 1811 there was a four-oared barge race between New York and Long Island crews which excited a lot of enthusiasm. America's first amateur boat club was organized in New York in 1834 by the Castle Garden Amateur Boat Club. Harvard and Yale first took up rowing in earnest seventy years ago. The National Association of Amateur Oarsmen was launched forty years ago, in 1873, and its annual regatta was organized on lines similar to the Royal Henley of England, except that nearly a century ago it was confined to professional watermen.

The regatta of the National Association of Amateur Oarsmen, to be held on the Charles river at Boston today, recalls the fact that this year, as well as to mark the centenary of rowing as a "gentleman's" sport. It was in 1811 that Westminster School, in England, founded the Water Ledger and organized the crew for the six-oared fly. For three years it was held in the Regatta, and its races were against time. In 1816 the first match race was held, Westminster School crew being victorious. In 1817 Eton had a ten-oared boat and two eight-oared, but engaged in no water race until 1816, when the Etonians defeated a crew of professional watermen. In 1818 Eton challenged Westminster crew, but the authorities bunted in and stopped the race, and it was not until 1829 that the two schools met on the water. Oxford introduced rowing in 1835, and Cambridge a little later.

Two years hence, August, 1915, will mark the bicentenary of the rowing sport, although for nearly a century it was confined to professional watermen.

The races postponed from Saturday of last week have since gathered a lot of interest, and will be held tomorrow. The free-for-all is one that will bring the rail birds off the fence. Jay Wilkes, Pearl Borrowmore and Harry F. who is working very fast. Class A pace brings out the old favorite Cassie W., who unfortunately went into her quarter in her first race and had to be drawn the second heat. Luck, the horse from St. Stephen, who won from her over the ice course at Fredericton last winter, Victor B., who is working very smooth and will give a better account of himself on Saturday next.

The trotting class probably will bring out Lina B. as a contender against the good speed trotter Victoria, and with Ned C. and Nan Patterson a trotters' card will be a feature of the good speed trotter Victoria. The starter will probably be the former owner of Deceiver, Thos. Dean.

MET FIRST DEFEAT. The final score was Germantown, 271; Australians, 270. At the close of the first innings for both sides yesterday Germantown had 120 runs and the Australians 144.

BARING WON THE BIG PURSE

Special To The Standard. Baring, Me., August 7.—A Canadian bred stallion, Baring, now owned in Dover, N. H., won first money in the \$5000 217 trot at the Pine Tree circuit races here this afternoon, after an exciting struggle with H. O. McKenney, a rangy gelding from Syracuse. The New York horse captured two heats but Baring showed unexpected speed in the remainder of the race and nosed out. Peter Bilken, the favorite, who won last week at Lewiston, made a poor showing and the bookies dropped several thousand on him. Baring's great rival, Bingen, from Milltown, N. B., won first money in the 219 pace somewhat unexpectedly, as the New Brunswick horse went into the air in the first two heats and finished sixth and fifth respectively. He steadied down later, however, and beat Roland, Leslie and Flora F. of Bangor handily. No records were broken today but the sport was fast and exciting. There was a good attendance. The summary:

ST. CROIX TODAY AT 3.15 O'CLOCK

The game this afternoon between the Marathons and St. Croix promises to be exciting from the start to the finish, and both teams will strive hard for victory, as every game that is won counts for a team in this close race for the championship, now that the league is gradually drawing to a close. The St. Croix team won a decisive victory from Bangor yesterday, and are feeling that they will continue winning games, while on the other hand the Greeks are more determined than ever to win, having lost a battle to Fredericton yesterday. Joe Tarbell will do the pitching for the Marathons, while Howard or Lee will be the hurler for the victors. The game will commence at 3.15 o'clock, and there should not be an idle
