RUSSIAN FORCES ON YALU NOT STRONG ENOUGH FOR JAPS.

Zar's Army at the Seat of War Will Be 460,000 at End of May--Kuropatkin Will Wait Till He Can Strike a Crushing Blow at the Enemy.

London, April 12.—A correspondent of Times at Seoul, calling under date of April 12, says:—
It is believed that the Russians north of Yalu are not sufficiently numerous to stand the Japanese advance for any stable distance beyond the river. The field telegraphs have been reported and the country is impossible to occupy Newchwang, where the Russian forces are now amply sufficient to attack.
The Russian army at the seat of war is estimated to be 460,000 at the end of May. The Japanese army is estimated to be 300,000 at the end of May. The Russian army is estimated to be 460,000 at the end of May. The Japanese army is estimated to be 300,000 at the end of May.

BUDGET SPEECH BY AGRICULTURE GENERAL.

Premier Tweedie Too Ill to Attend to That Duty.

Fredericton, April 11.—In the legislature tonight Hon. Dr. Pugsley laid before the house the estimates for the current year and moved the usual resolution that the house go into committee of supply.
Hon. Mr. Pugsley said, in moving that you now vote the chair I would not be doing justice to my own feelings if I did not express my regret that the premier was prevented by illness from being in his place to present the budget to the house as he has done for many years. He possesses so intimate a knowledge of the finances of the province and is able to carry out his duties in a manner that I feel my presentation of the matter must be very inadequate in comparison with his.

Roger Flanagan, who has been running the Bover House since July, has purchased the Waterville Hotel in Campbellton. The snow is disappearing, but judging from the heavy loads that are still being hauled on the river, the ice must still be very strong.

AFTER A FIGHT THE BANK TAX BILL GETS THREE MONTHS' HOIST.

Effort May Be Made to Resuscitate the Measure in the House—Vote 16 to 16, and Chairman Cast Ballot Against the Much-hammered Bill—Sharp Passages-at-Arms.

Fredericton, April 11.—In the legislature yesterday afternoon Hon. Mr. Pugsley said:—
There is one matter which has arisen in connection with the proceedings of this house to which I desire to refer and I do so with considerable pain. I am informed it has been stated by some opponents of the government in St. John that I have been retained by the Bank of New Brunswick to promote the legislation connected with the assessment of the banks in St. John. If these rumors had been confined to that city I might have ignored them, but to my surprise it has come to my knowledge that the same statement has been made by members of the legislature here. I can imagine no greater offence against public morals than that a member of the legislature should receive pay to promote certain legislation and that he should go into a committee and vote for a bill under such circumstances. If I had done that I would be violating one of the most sacred rules of this house. The statement that I have had a retainer from the Bank of New Brunswick or from any other person is absolutely false. I am a free voter on this bill as any other member of the house. While I am on my feet I desire to say that I think I can say the sense of every member of the legislature on both sides of the house. I believe that we are all desirous of treating every question on its merits and in the best interests of the province.
Hon. Mr. Pugsley introduced bills to confirm certain regulations in regard to crown timber lands and to provide for a bureau of labor.
Mr. McLatchey introduced a bill to amend the act incorporating the town of Dalhousie for water, fire, light and police purposes. Mr. Whitehead a bill to provide further improvements for the water supply system of the city of Fredericton. Hon. Mr. Pugsley moved a resolution in relation to the police establishment of the city of Fredericton. Mr. Ryan a bill to incorporate the Herring Cove Railway Company. Mr. Legere a bill relating to forest lands in the county of Westmorland. Mr. Robertson a bill relating to the Free Public Library in the city of St. John.

DRUNKEN ITALIAN USES STILETTO.

Liverpool, N. S., Chief of Police and Another Man Badly Cut.

Halifax, April 11.—(Special)—Peter Albro, an Italian workman on the South Shore Railway, is lying at the point of death at Liverpool from a pistol shot in the left breast, inflicted by the chief of police of that town.
Chief P. B. McLaughlin is at his home suffering with two wounds—one in the neck, which required two stitches to close, another in the back, but neither of which is expected to be attended by fatal results, indicated by the dying Italian. Arthur Mulhall, merchant of Liverpool, is also laid up, the Italian managing to slip his knife into his back also.
Albro is a friend of the Italian now in Dorchester serving a life sentence for killing a man on the Shore road a year ago. He went into Liverpool on Saturday, got drunk and began to create a disturbance. The chief of police attempted to arrest him, but he ran down Main street to Bridge street and hid in a small store. From this place he was arrested and when he started to run again the chief grabbed him. The Italian drew his knife, stabbed the chief in the neck, got clear and ran.
D. C. Mulhall and Arthur Mulhall joined in the chase and the chief, although badly wounded, continued after his man, who was again surrounded. This time the Italian drew two knives, one of which he plunged into the Italian's back. The chief then closed on him and received a second stab. The Italian again received a third stab and then started to run, but his liberty was again taken. The man had done enough mischief and drew his gun and the Italian fell, the ball having pierced his breast.

BIG LUMBER CUT AT LEPREAUX.

Gregory and Dunn Got Out 3,000,000 Feet Last Winter—Jas. M. Scott Had Narrow Escape from Being Killed.

Fredericton, April 11.—(Special)—Combes Hagerman, who carried on lumbering operations on Lepreaux last winter for Gregory and Dunn, will dispatch a crew of fifty men to start at once on a run for six weeks in the woods. Hagerman has about 3,000,000 feet to bring out.
Further particulars of the accident to Jas. M. Scott, of South Lunenburg, who was killed by a train on Thursday, show that he had a miraculous escape from death. He had gone out on the track to flag the west bound Boston express and as it approached he made an effort to gain the platform. The train was traveling at full speed and the steam chest of the locomotive caught him in the small of the back, hurling him a distance of twenty feet but fortunately clear of the rails. The train was at once stopped and he was placed on board and taken to McAdam, where medical aid was procured. Although badly bruised and shaken up, strange to say he sustained no serious injury and is now able to be around.
Mr. Scott attaches no blame whatever to the railway authorities for the accident.
