

FOUND DYING IN OLD SCHOONER

John Donohue of Carleton in Hulk Which Several Called Home

John Donohue, of Carleton, was conveyed in the ambulance to the General Public Hospital Sunday morning in what was thought to be a dying condition, brought partly on by exposure.

Donohue, who has but one arm, was recently released from jail. He has for several years made his headquarters with some other Carleton men who inhabit an abandoned three top masted schooner lying at the harbor end of the electric light station wharf, Carleton.

The schooner is called the John St. Roup and she is in the last stages of decay. Two of the men moved in about three years ago from the hulk of an ancient woodfast lying near, being obliged to do so because they were flooded with every rise of the tide.

A reporter visited her yesterday afternoon. There was no one on board. In the fore-cabin there were signs of habitation, yet in one of the bunks Donohue has been lying since his release from imprisonment.

The schooner is the last place for a human being to be obliged to call home. With the rise of every tide the water comes in, and in the event of a gale the sagging, weakened deck is washed across by the waves.

There is no glass in the fore-cabin window—the proceeding against a storm is the most absurd description. But those who profess to live there do not advertise their discomfort. Said one of them: "It's a fine place. We don't pay rent; we don't pay taxes. We are all set and that's all we want."

So the scared grey old hulk continues to be their cherished abode.

June Weddings.

Ring-Harrington.

Walter J. Ring was married Thursday afternoon to Miss Bridget Harrington. The ceremony was performed by Rev. J. J. O'Donovan. Mr. and Mrs. Ring left for Montreal, where the groom is employed on the C. P. R. The young couple were the recipients of many beautiful presents.

McAfee-Doherty.

John McAfee was married Thursday evening at the residence of Rev. A. H. Foster to Miss Maud Doherty. Rev. A. H. Foster was the officiating clergyman. The bride is a daughter of Mr. and Mrs. J. A. Doherty, Waterborough, Queens county. A reception was held at the residence of the groom's parents, Mr. and Mrs. Oliver McAfee, Bellevue avenue, attended by friends of the bride and groom. The bride received a goodly number of beautiful gifts. Mr. and Mrs. McAfee will reside in the city.

Gibson-McCart.

Rodney Barrett J. Gibson was married at 3:30 Thursday afternoon in Holy Trinity church to Miss Helen Beatrice McCart, daughter of the late James McCart. The ceremony was performed by the Rev. J. J. Walsh. After the ceremony, luncheon was served at the home of the bride's mother, Mrs. J. A. Montague, St. David street. Mr. and Mrs. Gibson will reside at 40 Marsh street.

Irvine-Craib.

Arthur Marshall Irvine was married at 4:45 Saturday afternoon to Miss Louise L. Craib, only daughter of Mr. and Mrs. Frank E. Craib. The ceremony, which took place in Centenary, was performed by Rev. George M. Campbell. The choir sang "The Voice that Breathed Over Eden" at the wedding party. The bride, Miss Craib, played Mendelssohn's wedding march after the ceremony. Miss Craib was given away by her father, wore a brown broadcloth suit, with blue and gold trimmings and white hat. She carried a bouquet of white bridal roses. Her bridesmaid, Miss Helen Frink, wore lawn silk, with white and blue trimmings, and carried a bouquet of carnations and sweet peas. The groomsmen were W. Harry Irvine, brother of the groom, Mr. and Mrs. Irvine left on a honeymoon trip to Upper Canada. Both bride and groom are popular, as was evidenced by the beautiful wedding remembrances. From his fellow workmen in the St. John Iron Works Mr. Irvine received a beautiful double carrying set. Mr. and Mrs. Irvine will reside at 155 King street, east.

Riverdale Notes.

Riverdale, A. county, June 5—Miss Mary Turner, who has been attending Stockville Academy, is home for the holidays.

M. B. Dixon has moved into the residence owned by John McLean, and David Barber, of Midway, will occupy the house vacated by Mr. Dixon.

Rev. Mr. Anglin, Presbyterian, preached very acceptably on Sunday morning to a good congregation, from the text "Trusting in the Lord and do good."

S. S. Beaver arrived on Saturday from St. John, laden with merchandise for the merchants.

His Lordship Bishop Kingston held a confirmation service Monday in St. Paul's church, Robbsey. Eighteen candidates were confirmed. Of these eleven were boys, ten of whom came from the Robbsey College; for boys, and seven were girls, including two from McLeewood. Rev. A. W. Daniel, the rector, and Rev. W. O. Raymond assisted at the service, and there was a large congregation present.

After the laying on of hands the bishop delivered an address to the confirmation class. His lordship will leave this morning for Sussex.

BOOM TAKEN UP; POND CAN PASS

Up-river Reports Say That Passage of River is Provided

Telephone messages to the Telegraph Sunday night indicated a peaceful solution, temporary at least, of the lumbermen's troubles near Van Baren (Me.). The offending boom which stretched to the Canadian side of the river, it was reported, has been taken up, the wings tripped and the boom swung in along the New Brunswick shore.

The Van Buren Company is also credited with the intention of so anchoring the works that there will be free water between the end of the boom and the Canadian bank of the river.

For how long that condition is to exist could not be learned, but the statement was made that for the present trouble is averted and Mr. Pond can take his boats up river uninterrupted at that point.

A message from St. Leonard's Sunday to the effect that Fred LaForest, of Edmundston, Mr. Pond's attorney, had been there Saturday and was in conference with Com. Coy, foreman of Mr. Pond's crew, camped on the bank one-half a mile below St. Leonard's. What the object of the conference was was not given out, but Mr. LaForest left again in the evening.

AN EXCELLENT YEAR

Anniversary of Carmarthen Street Church Sunday School—An Encouraging Report.

The Sunday school in connection with the Carmarthen street Methodist church celebrated its 37th anniversary Sunday.

It is in a very flourishing condition. There was a special service in the evening with addresses by G. M. Calhoun, J. A. Johnson and Rev. T. Marshall. Recitations were given by Edna Brown, Ada Johnson, Myrtle Fox and Robert Johnson. The music was under the charge of the Sunday school choir. There was a large number of parents present besides the children.

The secretary's report showed among other things that the total number of officers, teachers and scholars is 147, being a net increase of 19 over last year's figures. The total amount collected for all purposes was \$1128. On January 1 the school was graded and two new classes formed. Seven of the scholars were united with the church last year. The annual picnic was held at Westfield in July and the annual Sunday school treat was on January 7.

There are 628 books in the Sunday school library and 6446 papers were distributed during the year. Rally day was observed on Sept. 25 and special services were held in connection with the church anniversary on Nov. 5.

The following are the officers: Joseph A. Johnson, superintendent; G. M. Calhoun, D. M. Robertson, assistant superintendent; A. H. Martin, secretary; W. Reid, assistant secretary; Mrs. J. Brown, treasurer; W. Roberts, Hedley Black, librarians; Mrs. A. White, superintendent of the home department; Miss Myrtle Fox and Miss Edna Marshall, organists. There are thirteen teachers.

MONCTON NEWS

Moncton, N. B., June 5—A man named Brown, working at a barn-raising for Alfred Steves, Salisbury road, Saturday, was very badly injured as the result of a fall. He was entertained as to the outcome of his injuries.

Sandy Ferguson, pugilist, who used an axe on his fist Saturday, inflicting a wound, and was later arrested, got off easy in the police court this morning. No one appeared against him to lay a more serious charge than being drunk. He was let go on payment of three dollars.

The remains of I. C. R. Brakeman, Fred Isaacs were taken to River Glade this morning for interment.

Two Moncton boys, Davidson and Stevenson, in the maritime penitentiary for stealing from Dunlop, Cook & Co., Amherst, will be taken from prison tomorrow and arraigned before a grand jury at Truro on the charge of stealing a dress suit case belonging to Mr. Lyons, of Antigonish.

Elias White, who was a delegate to the trainmen's convention at Buffalo, returned home on Saturday night.

Johnny Taylor and Ramsey will not hold their sporting exhibition here, as the mayor has refused to issue a permit. The boat will be held in St. John on the 15th of June under the auspices of Jack Power's club. Taylor started in today to do training for the go. He is already in good condition, and confident of winning from Ramsey.

Western Crop Report Good.

Winnipeg, June 2—The C. P. R. crop report which was issued yesterday could be summarized in one word—excellent. There is not a point on the whole of the C. P. R. through the wheat raising country from which complaint is made, and as for weather conditions the only variation noted from the word "favorable" is the phrase "very favorable."

Rapidly growing wheat varies from two to six inches in height and forms a thick mat on all of the fields where seeding was well and carefully done. There have been several showers in some localities, but they have been appreciated and by no means excessive. Even the districts in which the subsoil is gravel and sand and which usually are the first to complain of dry weather the people are extremely content. Farmers and country merchants are enthusiastic for the grain is now at a stage where it will take extremely bad weather to do serious damage. With a reasonable amount of rain fall, during June and July, the amount of wheat grown will create a new record.

FIRE TAKES OLD TIME BUILDING

Sturdy Relic of Days When Shipbuilding Began in St. John

The large wooden house off Albion street near the York Cotton Mill was badly gutted by fire early Sunday morning. The alarm was sent in by Policeman Baxter from box 17 and the brigade quickly responded but the flames had made considerable headway and while the building will not be a total loss great damage has been done. The property, which is owned by J. L. McAvily, of Loan, Holt & Co. City was insured in the Queen Insurance Co. for \$1,000.

The building had been unoccupied since May 1 and the origin of the fire is unknown. The house, which is a well known landmark on Courtenay Bay shore, is one of the few remaining relics of the days when the shipbuilding industry flourished in this city so long famous, was in its infancy. It was built in 1810 by the late James Smith, who, in 1837, established a shipyard on Courtenay Bay and for which the same year he was granted a license. The first ship ever launched from the yards which afterwards grew up along the shore.

The house in those days was surrounded by large gardens descending to the gravel beach of the bay and was built by Mr. Smith as a residence for his family. He resided there until his death, many years later.

His family consisted of one son, James T. Smith, who afterwards went to England, and three daughters, who subsequently married Samuel Paris, Albert Venning and J. L. Dunn. Mrs. Dunn is still living in St. John and Mrs. Venning is a resident of Queens county. On the family becoming scattered the house used for some time as a hospital for infectious diseases and later was bought by charitable persons in the city for the use of fallen women, the first trustees being Hon. John Boyd, the lieutenant governor, and J. Moran.

It was not found suitable to the moon council at their meeting last week in which he asked permission to lay a railway siding and mentioned that he intended removing his laundry business to the city and making considerable additions.

The fire Sunday gave the brigade a fight for three hours and it was 4 o'clock when the all out blow was struck. About 9 o'clock the fire broke out again but was easily handled.

LOST HIS HORSE

Clergyman's Steed Kicked by Another and Had to Be Shot.

Rev. J. H. Coy last Thursday started from St. Stephen with his horse and carriage to drive to St. John by way of St. George and Penfield, on his way to Carleton camp. He drove to Seely's Cove in the lower part of Penfield, a distance of forty miles, and put up at the house of Mr. Harding, a fisherman and farmer. In the morning he found that Mr. Harding's horse had broken loose and kicked his animal, breaking its leg and cutting a blood vessel.

Rev. Mr. Coy had a man shoot the injured horse and he also had his wagon taken to Penfield station and then came to St. John.

Rev. Mr. Coy says the mare was a very fine driver, lately purchased from Roy Young, of Milltown (N.B.), and was formerly owned by Irving Todd, of St. Stephen. The loss is a heavy one.

A TINY TRAVELER

Chubby Little Miss Arrives from England and Makes one St. John Home Happier.

Among the passengers from Montreal Saturday was little Amy Constance, the youngest daughter of B. Johnson Franklyn. The little miss had just completed a journey from England by the steamer Tunisian to Montreal and as she is only four years old that is quite a feat.

Mr. Franklyn came from England last year with his other two daughters but as the little tot was quite ill she could not be brought and so was left in good care at Liverpool.

Now she is hearty and strong, with rosy cheeks that are good to look upon and she is the happiest little girl in the city because she is with father and her sisters and needless to say they are delighted at having her with them again.

Sudden Death at Lorneville.

Mrs. Samuel McGuire, et al., a respected resident of Lorneville, died suddenly on Thursday last and was buried Sunday afternoon. Rev. Mr. McLean, Presbyterian clergyman, officiating. A lengthy concourse of down-cast people and a number from the city followed the body to the grave.

Mrs. McGuire died of heart failure while sitting up in bed. Members of the household were rearranging the pillows when death came. For several weeks Mrs. McGuire had been indisposed but no such fatal turn was anticipated.

Besides her husband, three daughters and five sons survive.

ABJECT APOLOGY OF W. EVELEIGH

Retracts All Charges Against Local Government Dairy Instructors

Sussex, June 2—(Special)—The dairy investigation has been settled. The superintendent Nelson Eveleigh has resigned and the resignation was accepted at a meeting of the board of directors held this afternoon, but it is not the direct outcome of the investigation, for Mr. Eveleigh, it is understood, had intended to resign on December 31st. As one result of the investigation, however, the resignation will go into effect a couple of months earlier. It was expected that the inquiry would be resumed this morning, but those acquainted with inside facts knew that a settlement would be arrived at.

Instead of presiding at the inquiry Premier Tweedie paid a visit to the Sussex pork packing factory, while the lawyers and principals in the case were absent in Hon. A. S. White's office. Shortly after noon, it was reported that a settlement had been reached, and Mr. Eveleigh on his way home, confirmed the rumor. The letter drawn up during the morning is as follows:

To Messrs. Harry Mitchell, J. Frank Tilley, L. C. Daigle and Robert Robertson, Gentlemen—On the 27th of February last I wrote a letter to B. F. Smith, Esq., P. O. box 10, to one from him in which he made certain inquiries as to the government's management of the dairy factories at this place. From Mr. Smith's letter I inferred that he proposed an inquiry into the government's management of the cheese and butter industry, and that he wished suggestions from me as to some lines on which I thought such inquiry might be advantageously conducted. I never supposed Mr. Smith would take from my letter as stated in the legislature, and I never intended to give any opinions and suggestions, and as my letter was written with the view and for the purpose stated, I never for a moment supposed Mr. Smith would make a contention against me in the legislature.

I kept no copy of the letter that I wrote Mr. Smith, but in reading the Sun's report of the one purporting to be a copy of the one which I wrote to him, I was surprised to find that my language was calculated to offend that gentleman, and in my letter I stated that the language was further than I intended to go, and that I was sorry that I had written it, and such being the case, might do you gentlemen a wrong and injustice which I would willingly do anyone, much less those with whom I have always had such close and friendly relations.

I wrote the letter hurriedly, and upon reading it as published in the press reports of the legislature, I was very sorry that the language was further than I intended to go, and that I was sorry that I had written it, and such being the case, might do you gentlemen a wrong and injustice which I would willingly do anyone, much less those with whom I have always had such close and friendly relations.

EXPORT DUTY PROPOSED ON CANADIAN GIRLS

Dr. Osler Declares Too Many Become American Nurses, and That They Form a Third of Staff in the Eastern Hospitals.

The following is from the News Letter, a magazine published in Waltham (Mass.), in the interests of the Waltham Graduate Nurses' Association:

Professor William Oler, before being introduced as the man who had become the first physician within the British Empire, upon which the famous professor was cheered enthusiastically by the 400 members present.

"Something should be done," said Dr. Oler, "to stop the loss of the mothers of the country." He suggested two ways.

Introduce a tax on bachelors. At twenty-five or twenty-six the man who did not have a family to support ought to be helping the other fellow and such a tax would be a reasonable and rational political measure.

DECIDES FOR ST. JOHN IN PREFERENCE TO WEST

D. L. Nobles Not Impressed With Conditions Out There, and Returns Here to Stay.

"The west in my mind is very much over-rated," said D. L. Nobles of Wright street to a Telegraph reporter last night. Mr. Nobles, who has been spending a few months in the west, returned on May 27. "I went west in February last," he said, "and I did not see that there was any more money being made there than here in the east. I am not saying that things are dull out there but they are not all that they are pictured. We get the bright side of it, but the other is left out altogether."

Mr. Nobles says that a great deal is said about an early spring in Alberta and British Columbia, but his experience was that the spring out there is quite as backward as ours. "Why," said he, "in Cranbrook, where I spent most of my time, the March there was just as severe as any we ever have. There is quite as much snow there in February that were so warm that you could wear light clothes, in fact summer weather, but just two weeks."

Mr. Nobles says that when he was in Winnipeg on his way home on May 8 and 9, there was a big snow storm on. In going through from Cranbrook to Calgary some spots were pointed out to him where the grass was green, but right along side there would be fields as brown as they look here in spring.

When asked regarding wages paid, Mr. Nobles said: "Well, I'll tell you something that came especially under my notice in Calgary. I noticed one day a bill posted about the town for thirty men to go to British Columbia at \$1.65 a day, and further down on the same poster the board was made that 45 cents a day board would be charged."

Mr. Nobles says that he found many successful business men, but no more in proportion than could be found down here in the east. About the only thing that he thought was really booming was the hotel business, through their bars. He knew of hotel bars there making from

WIRELESS TO SABLE ISLAND IN A MONTH

Halifax, June 4—(Special)—The Dominion government steamer Lady Laurier, which went to Sable Island last week with the construction staff and materials for the Marconi station which is to be erected on the "Grave Yard of the Atlantic," and by which ocean steamers will be able to report their passages to the United States and Europe, returned here today.

She managed to land the materials, but with much difficulty. The station will, it is expected, be completed in a month's time, when communication will be at once made with Campden station, at the entrance of Halifax harbor.

There have been no wrecks at the island since the Laurier's last visit.

GLACE BAY MAN HURLED THIRTY FEET IN THE AIR

Sydney, N. S., July 4—(Special)—Jonathan Tutty, one of the two men injured in an explosion at Glace Bay Saturday morning, died at the hospital three hours after the accident occurred. The force of the explosion hurled Tutty in the air, about thirty feet.

The explosion shook the entire town, and great excitement followed, as it was feared an accident had occurred in the pit.

There is much excitement among Russians working here for the report that orders have been issued calling home all subjects of the far east. They have been told that an emissary on his way to Canada to have these instructions carried out.

The most conservative estimate is that at least 20,000 boxes of oranges were frozen in Florida recently. Many grove owners had working here for the report that orders have been issued calling home all subjects of the far east. They have been told that an emissary on his way to Canada to have these instructions carried out.
