October 25, 1932.

Dear Sir:

In regard to your recent inquiry concerning the right of any person to damage banks of the Salmon River Reserve by having logs run down the river making contact with the bank and causing erosion, I beg to say that if this is going on some steps will have to be taken by this Department to see that further damage is not done. I am writing to the Indian Agent today asking him to investigate the matter.

Yours truly,

F/AC
