

AUTO PARK

NANAIMO was the first City on Vancouver Island to realize the needs of the Tourist, and with the co-operation of the City Council the Auto Association started an auto park on Comox Road in the Millstream Park. With city water piped to the grounds and a cook range installed, it made an ideal camping ground within two minutes' run from the heart of the city, and was well patronized by our friends from across the line. Surrounded as it is with huge trees, and the Millstream running along side, it became a popular resort for tourists last summer, and every evening saw a goodly number of cars driving in, who simply raved about it when we went to have a friendly chat with them. We hope this summer, with the help of the City Council, to add still more improvements and get all our sanitary arrangements completed, which will make things far more comfortable.

WHOLESALE

As a Wholesale center Nanaimo is becoming more important every day. Malkin-Pearson Co. Ltd., have just completed a large modern warehouse of interlocking tile construction on the E. & N. track where they will now be able to handle their full line of groceries, etc. The Vancouver Milling Co. and Brackman-Ker Co. also have large warehouses for the handling of their grain and feed business. Whilst Messrs. Whitty Bros., and W. W. Gray handle the wholesale candy and tobaccos. The Imperial Oil Co., have now outgrown their present plant, and in the near future are erecting a modern brick and concrete warehouse and four 15,000-gal. capacity storage tanks down at the water front, with pumps to supply the needs of the motor launches. Besides these the city can boast of two cigar factories; Messrs. Booth & Sons making the famous "Cabin Blossom," and Messrs. Gable & Co., the popular "Enterprise" Cigar.

PALACE of SWEETS

F. J. ELLISON

Confectionery, Ice Cream, Fancy Goods, Stationery, Souvenirs, and Novelties

Try our Banana Splits, they are Delicious :-: Or a Cantelope Special right off the Ice :-: :-:
