WOOLLEN MILLS CLOSED.

Lack of Orders at Peterboro' Affects the Auburn Mills.

Peterboro', Sept. 28.—The Auburn Woollen Mills partially closed down on Saturday. The finishing department will be operated till the work on hand is completed. The directors say the closing down is due to lack of orders, and this they attribute to the competition permitted by the preferential tariff. It is, however, in the meantime orders come in sufficiently work may be resumed, though this will depend upon the decision of Mr. Kendry, the President, who has not yet arrived in town.

WE ADMIRE CHAMBERLAIN.

Lord Strathcona Imparts His Opinion to Interviewer at Liverpool.

London, Sept. 28.—Lord Strathcona, interviewed at Liverpool, said the Canadians greatly admired Mr. Chamberlain's chivalrous action in resigning.

LABOR CANDIDATES.

Meeting at Berlin in Favor of Nominating Them.

Berlin, Ont., Sept. 27.—Organized labor held a mass meeting in their hall last night to talk over the labor question politically respecting bringing out candidates for the House of Commons and the Legislature. There were present a few from Galt, Preston and Hespler, but owing to the Government having left North Waterloo in its original shape the co-operation of Hespler and Preston would not be required. The meeting was harmonious, and the general feeling was that a candidate would be brought out in the North, and the South were strongly urged to do likewise. A convention has been called for Thanksgiving Day at Berlin.

MRS. FISH'S OPINIONS.

WHAT THE GOELET'S PAID FOR THE DUKE OF ROXBURGHE.

Mrs. Roosevelt's Small Outlay on Dress—The Division of Classes is Becoming More Marked.

St. Louis, Sept. 28.—Mrs. Stuyvesant Fish, who is visiting St. Louis with her husband and a party of friends, talked to a reporter at the Southern Hotel on the dress of American women, Newport society, and the marriage of American girls to foreign noblemen. Speaking of dress, she said:—

"Mrs. Roosevelt, the wife of the President, it is said, dresses on \$300 a year, and she looks it."

"Continuing, Mrs. Fish said:— 'I would not like to be a President, or a President's wife. I should not like to have to eat with negroes. I do not believe in equality. It would never do. We cannot mix with the negro at all, and negro equality will never come about. There will always be classes in this country. We are coming more and more to have an aristocracy and a common people. I do not believe in being too democratic.'"

"True, it is being invaded by vulgar and newly rich people of the parvenu class, who form a rather common circle, but the higher classes are still there in greater numbers than ever. Newport is just now paying too much attention to foreign Lords. By marrying European noblemen, American girls are laying themselves liable to the ridicule of the whole world. The marriage of Miss Goellet to the Duke of Roxburghe is the latest piece of this sort of folly. They paid down \$200,000 to do it. Of course the Duke is not as bad as some foreigners who have married American girls, for he has some money, about \$50,000 a year, but that is not much for people in his station. I think it is very foolish."

ELEPHANT FIGHTS LIONS.

A Terrible Struggle Witnessed at Coney Island.

New York, Sept. 28.—Hurled over the top of a steel-barred arena by an elephant it had engaged in mortal combat, Brutus, a large lion, escaped into a crowd of three thousand persons at Luna Park, Coney Island, yesterday, and then into the open streets, causing a panic, in which men, women and children were knocked down and trampled upon. Nearly all Coney Island was terror-stricken. Several women fainted, and Joseph Guies, a bartender, over whom the lion leaped in its flight, was thrown into violent hysteria. No one was seriously injured. The lion was caught after having been confronted by a tall picket fence, before which he quickly paced back and forth, under the impression apparently that he was in his cage. The arena in which the beasts fought is located on an island in the park lagoon, near the electrical building. "Tony" the elephant, who was making a trial of a new act. Without warning Brutus leaped at Columbia's throat and buried his teeth and claws in her flesh. This was the signal for the other two lions, who pounced upon the elephant's back. The battle-royal which followed thrilled and fascinated the large crowd of spectators. Weighted with three powerful foes, Columbia tore madly about the arena, hurling herself against its sides in an endeavor to dislodge them. Suddenly Columbia halted. She reached up with her trunk and gained a hold on Brutus' leg. She gave a mighty tug and then slowly broke the lion's hold. The crowd, whose sympathy had been with Columbia, raised a shout of triumph, which was quickly changed into one of terror when Columbia was seen to grasp the lion around the middle, and, seizing with the two other beasts still on her back, hurl her enemy over the top of the enclosure.

Brutus fell on the gang-plank, recovered himself quickly, rushed through the German village, jumping over Quince's head on his way, and after running around the arena a short way, was captured without difficulty. He was seemingly badly frightened by the crowds. It required the greatest efforts on the part of half a dozen keepers to get the other lions from Columbia's back and into their cages. All the animals were badly lacerated.

A TRIPLE DROWNING.

Men and Team Swept Away in the Bow River.

Winnipeg, Sept. 28.—A triple drowning accident occurred yesterday at the Bow River, Blackfoot Indian reserve, near Gleichen, N.W.T. Sergt. Brooks of the Northwest Mounted Police; A. Beaupre and Joseph Disbury, all of Gleichen, were attempting to cross the river, when horses, wagon and all three men went down and were lost. A few Indians noticed the accident, and brought word to the town, and a searching party has gone out to endeavor to locate the bodies. All were married.

Sergt. Brooks had been twenty years with the force. He was a member of the contingent which represented the police at the coronation, and originally came from England. Beaupre was an interpreter attached to the police force, and belonged to Gleichen, where his parents reside. Disbury was a resident of the Calgary district.

Rev. Mr. McLaughlin, who left Heron River, Lake Winnipeg, in a sail boat, with five Indian children for Brandon Indian Industrial School some few days ago, is missing, and fears are entertained that the party have been lost. Rev. Mr. Simmonds was left Selkirk with a tug to skirt the shores of the lake to find traces of the missing ones.

TO BLOW UP THE SULTAN.

Report that Anarchists Have Planned to Dynamite Him.

London, Sept. 28.—A rumor is current in the inner circles of foreign Anarchists in London that the plot to assassinate the Sultan of Turkey is expected to culminate to-morrow. No reliance can be placed upon this report, however, as the Anarchists here are merely inspired by advices from the continent, which it is believed are visionary.

REDMOND'S WARNING

Irish Party Will Use its Political Power Without Compunction.

London, Sept. 28.—Addressing a demonstration at Newcastle, County Down, Sunday, John Redmond, the Irish leader, said that the Irish land bill having been secured, the next session must be devoted to the laborers' question. The political situation to-day was a strange one, he continued, and if Premier Balfour desired to retain office, the Irish party would hold the power of life or death in its hands, and would use that power without compunction to forward the interests of the Irish cause.

AN ABSOLUTE NECESSITY

So Thinks At Least One Traveling Man

I would as soon think of starting out without my mileage book and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hotel ware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on. My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since, and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in patent medicine as much as in selling barbituric.

PURITY. LAGER BEER

"The Beer That is Brewed in Glass"

We use only the best grade of barley, which is malted under our direct supervision, and the choicest Pacific, Bavarian and Kent Hops, and will gladly contribute \$1,000 to charity if any one can show that any Brewer in Canada uses better brewing material.

In brewing, after the beer has been boiled in the kettle, it is pumped in to a surface cooler (an enormous pan) and then allowed to run slowly over pipes, through which cold water and cold brine is circulating, and at the same time exposed to strong drafts of pure air, to bring the beer down to proper temperature. During this process the beer will absorb bad odors or impurities in the air, and a brewery located in a neighborhood where there are impurities in the air is certain to produce beer that is more or less charged with impurities. Our plant is located in a section free from dirt, dust and "bad smells," and the coolers are 80 ft. from the ground.

We employ only competent men whose wages run from 25 per cent. to 40 per cent. above that paid by most of our competitors.

All of our apparatus is strictly first-class and up-to-date. POOR BREWING MATERIAL, ANTIQUATED APPLIANCES and CHEAP LABOR MEANS FILTH AND BEER THAT IS UNHEALTHFUL.

When you pay the standard price of five cents for a glass of beer you have a right to receive, and should demand the best, and if you do not have it furnished you should refuse to accept it.

CITY CYCLISTS

A meeting of the Executive of the Maple City Cyclists Association was held in the office of S. H. Arnold Friday evening. There were present Jno. Park, president, and S. B. Arnold, secretary, R. S. Dunlop, Fred. H. Brisco, Geo. Heyward and William Link.

It was decided to place the matter of sidewalk cycling privilege before the Council at their next meeting. The Council will also be asked to make some arrangement to prevent the flooding of the paved streets. The watering carts now make these streets impassable and an effort will be made to have a strip left for cyclists.

The Executive will hold another meeting on Friday night next.
