

## From Weaning Time to Market

Your profit on every litter of pigs depends upon the care given them and their feeding.

To shorten the time required for maturing means added profits for you.

Pigs fed liberally on Monarch Hog Feed develop bone and muscle quickly and add sound, firm flesh rapidly.

The ingredients of Monarch Hog Feed form an ideal combination containing the correct proportions of protein and fat to finish hogs in the shortest time.

This feed used along with the proper amount of roughage means better proportioned hogs. More lean and

less fat. Hogs that ship with the least amount of shrinkage. Hogs that bring the highest price.

Pigs eat Monarch Hog Feed with eagerness. It has a flavor that hogs relish. It is as easily digestible as it is palatable. It is as economical to feed as it is profitable in results.
