

OUR Stallion Policies, covering against loss by **Death through Accident or Disease**, are more liberal and afford more protection to owners than any issued by Competing Company. They contain no vexatious clauses, having been drafted to cover the **special conditions** met with in this Country. They cover the horse no matter **where he might be** and not merely **in his own stable**, as certain Companies do. This is very important during

the Breeding Season as the horse might die while being on the road. Do not **take any chances** by insuring with others, **insure with us;**

STALLION INSURANCE

The insurance premium represents only a small proportion of the service fees earned. Better risk the **loss of the premium** than the **purchase price** of your beast if it dies without insurance.

Better have and not need than need and not have.

All kinds of live stock insurance transacted.
