VOL. XLVIII.

LONDON, ONTARIO, JULY 10, 1913

No. 1085

Brantford Roofing

is known to be practically imperishable, and for that reason was specified by Hiram Walker & Sons as the roofing for the protection of their immense plant and its valuable and perishable contents.

RECEIVED

JUL 11 1913

The well-known element-resisting qualities of Brantford Roofing have been strongly endorsed by many of the largest business concerns in Canada. Because after serious investigation they have found out that Brantford Roofing cannot be materially affected by heat or water, wind or weather.

Publications Branch.

Now frankly: Don't you think that you should cover that building of yours with Brantford Roofing?

Write for our big FREE Book. It will show you how to solve your roofing problem.
