

The Farmers' Market

WINNIPEG MARKET LETTER

Wheat.—The feature of last week's wheat market was the advance on Friday of 25 cents per bushel, due to the United States government estimate of their production this year. The report was considered quite bullish. It had been expected that their estimate would be about 710,000,000 bushels, a decrease of more than 25 per cent. from last year. When the report placed the figure at 715,000,000 besides showing the condition of the winter wheat very poor, there was a rush of buying on Friday, resulting in a steady advance in prices throughout the morning. This advance was not supported by old country markets and when cables on Saturday showed them prices weaker there was a reaction here and prices closed lower than on Thursday. Cash wheat prices gradually went to a little wider discounts. Exporters claim very little new business is being worked.

Barley—Shows again in prices for the week of 2 cents per bushel with a moderate amount of business.

Fbias - Futures remained quite steady during the week, with some strength on Friday when all futures had a sharp upward turn.

and a strong support from the government.

WINNIPEG and U.S. PRICES

Closing prices on the principal western markets on Saturday, June 10, were—		
Cash Grain	Winnipeg	Minneapolis
1 Nor wheat	\$1 10 1	\$1 15 1
2 Nor wheat	1 10	1 11
3 Nor wheat	1 05 1	1 07
3 white oats	45 1	38 1
Barley	58-67	64-74
Flax, No. 1	1 59 1	1 84
 Futures—		
July wheat	1 11 1	1 10 1
Oct. wheat	1 07 1 (Sept.)	1 10 1
Dec. wheat	1 06	1 10 1

Quality considered, they recovered fully from the decline registered at the beginning of the week. Choice heifer sold at \$9.15 to \$9.50, with odd lots of nice steers, weighing between 1100 and 1200 pounds, at \$9.75. Good butchers, sold at \$8.75 to \$9.25 and medium at \$8.40 to \$8.75. Conditions are promising for next week's cattle trade. Prices of butcher bulls and cows hardened, \$7.50 to \$8.75 being paid for good to choice bulls and \$7.75 to \$8.50 for choice cows, while medium to good brought \$6.50 to \$7.75. While demand was rather slow for milkers, good springers found ready sale at steady prices.

The week closed strong for hogs, with packers buying freely and paying 25¢ more than they did at the opening day, at \$10.90 to \$11 off ears and \$10.85 to \$10.75 fed and watered.

\$10 to \$10.75 fed and watered.
South St. Paul, June 8.—A light assortment of beef cattle has reached this market during the last week. Grain fed cattle hardly held as strong as formerly, but stall fed stuff resisted all efforts to break down quotations. From \$8 to \$9 prevails for most steers. Butcher cows and heifers of the \$5.25 to \$7.50 grades have been much in evidence.

43.25 to \$4.50, grades have been much in evidence. Bulls have been a little weaker. The better grade of stuff, however, have generally advanced from 15 to 25 cents above last week.

Hogs have varied little and are slightly lower than last week's quotations.

Calgary, June 10.—Reported of butcher cattle this week were liberal, but everything was cleaned up at steady to strong prices. The quality of fat cattle was very good, there being quite a number of well finished butcher steers on sale, which sold at from \$3.25 to \$3.50 with one extra good lot at \$3.80, the others were exceptionally choice. Choice cows and heifers sold strong. Good feeders and stocker cattle of good color and showing breeding are selling strong at former quotations, but the inferior kinds are hard to move.

The Livestock Markets

Chicago, June 8.—Heavy cattle are commanding a substantial premium and extra quality is getting unusual recommendation. It is believed here that choice bullocks of the 1500 pound class may even go as high as \$12. The whole trade above the \$10 class has a very healthy aspect. The demand for small pasture founded cattle is decidedly off. There is usually a lot of these from the south west and until recently killers bought them up readily, but now they are hard to dispose of. Choice cows and heifers have not dropped as much as most other grades and similarly carcets and cutters and low grade still have maintained their previous values fairly well. Packers have depressed hog prices nearly a dollar a cwt since May 13. Eastern demand has dropped to a very small volume. Speculators have suffered severe losses and the whole sentiment is baneful. Sheep and lambs have had a vicious break of from \$1 to \$1.25. Commercial lamb trade is dull.

Toronto, June 9.—The week-end market closed with a strong up-trend. A more handful of cattle were on sale, and those were taken up at firm levels.

Cash Prices Fort William and Port Arthur from June 6 to 12 inclusive
