

Two Newspapers that, in the full measure of their support of the Grain Growers' Cause, deserve each to rank as *The Daily Grain Growers' Guide*, are

# The Saskatoon Daily Star

SASKATCHEWAN'S GREATEST  
NEWSPAPER  
AND

# THE REGINA DAILY POST

THE HOME NEWSPAPER  
OF REGINA

Editorially these newspapers have long supported free agricultural implements, free trade in food products, lower tariffs generally, nationalization of railways and railway lands, total prohibition and co-operation.

Mr. J. B. Musselman, secretary of the Grain Growers' Association of Saskatchewan, conducts a page officially for the Grain Growers' in both papers each Saturday.

There is no corporate influence in the ownership of these newspapers. They are owned and published by one man, who stands or falls by their success as newspapers. They are no "organs"---and are independent in the highest sense of the word.

The Saskatoon Daily Star has made a world's record in circulation, surpassing any other paper published in a city not larger than Saskatoon. Its average daily circulation is over

# 23,000
