REMOVING TO TORONTO

Mr. Howard Anderson, who had a sale of his farm stock and other effects yesterday at Mountain View, is removing with his family on Monday next to Toronto, where he will engage in business. Mr. Anderson has one of the finest and best equipped farms in the County of Prince Edward, and he has himself been one of the most progressive farmers. He has not sold his farm but has leased it for five years to Mr. John Cairns, the latter is a native of Scotland, who has been in this country four years, and is of that sturdy type who succeed well when they come to Canada. He learned the farming game in the old land where they teach such things thoroughly. He will no doubt make a success of his new venture.

SUCCESSFUL HOLSTEIN SALE

The sale of Mr. W. C. Dempsey's herd of thoroughbred Holstein cattle and other farm stock and effects which was held at his farm in Annapolisburg on Friday last and was very largely attended. The prices obtained for the thoroughbred cattle were very satisfactory, but the horses went for a low price, reflecting the present unsatisfactory condition of the horse market. The buyers and prices of the Holsteins were as follows: A. E. Phillips, Redversville, calf \$50; Mr. Par Bush Lake, calf \$70; Mrs. Kings-ton, Chapman, cow \$240; H. Trueman, Redversville, heifer \$130; Earl Bonter, Carrying Place, heifer \$230; E. Redner, Redversville, calf \$50; E. Redner, heifer \$180; J. H. Foster of Huntington, 2 calves at \$55 each and one calf at \$47.50. W. F. Milne, calf \$60. Another calf was bid in at \$155.25. Mr. Montgomery acted as auctioneer.

An oil that is prized everywhere—the market without and flourish over thirty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a whole continent for a field and it is now known and prized throughout this hemisphere. There is nothing equal to it.

Lieut. J. McC. Murray of the United States Naval Aviation Corps, was instantly killed yesterday afternoon when his machine plunged 800 feet into Pensacola Bay, Fla.

With 16,000 shovels and drivers working constantly since Saturday morning, scarcely a dent had been made yesterday in the mass of snow under which New York is buried.

A \$500,000 campaign against hog cholera and a horse disease called distemper is to be financed by a bill passed by the U. S. House yesterday, and which already has passed the Senate.

IMMODEST DRESS WAS SCORED**ARCHBISHOP SPYRATT READ STIRRING LENTEN PASTORAL.**

Two Sins of Inebriety—Excessive Use of Stimulants by Men and Glaring Breaches of Modesty by Women.

Today is Ash Wednesday, the first day of the Lenten season. Archbishop Spyratt's pastoral letter which was read in St. Mary's Cathedral, Kingston and in all churches of this diocese was a powerful appeal to all to do penance; it was an exhortation to live purer and better lives and a strong condemnation of the evils of intemperance, immorality in dressing and immoral dancing, which are gnawing at the very vitals of morality as the present generation. His Grace pointed out the necessity of penance from which none were exempt and reminded the members of the church that they should all strive hard to lead truly Christian lives to accomplish which they should heed the advice of St. Paul, to live soberly, justly and piously.

To live soberly in the mind of St. Paul, covered the virtue of temperance in its most extensive sense and not merely in the use of intoxicants but in all the acts of rational life. Certain violations of this virtue were prevalent today, the most prominent of which were the excessive use of intoxicants on the part of men and glaring breaches of modesty on the part of women. The men were exhorted to cultivate assiduously the practice of temperance not only during the season of Lent, but throughout their entire lives.

Sobriety was defined by His Grace as a virtue that fixes the mind on the just and honest duties of life, so that all justifiable human acts, so that every excess of this limit became an act of intemperance. Thus intemperance was defined as a species of intoxication. The letter continued, "how it has come to pass that even our pure women and girls have adopted those disgraceful modes of dress and dance which are daily weakening the standard of morality. This excess had been condemned by the highest moral character, by priests, bishops and cardinals, and even the Holy See had denounced these customs."

To live justly, a man must be kind and considerate in his opinions, never seeking to take advantage of his neighbor, but on the contrary to assist him when possible in his every need. It should be the ambition of all to live piously, and which is a tendency towards union with God. In conclusion His Grace emphasized the necessity for righteous living and stated that during the Lenten season he should be the aim of every Christian man and woman to cherish and cultivate these Christian virtues.

The ceremony of burning of ashes took place this morning in St. Michael's.

Have Been an Untold Benefit

New Brunswick Woman Praised Dodd's Kidney Pills.

She Suffered for Four Years and the Doctor Could Not Help Her, But Dodd's Kidney Pills Gave Her a New Lease of Life.

Porton, Carlton Co., N.B. Feb. 23, (Special).—"I find Dodd's Kidney Pills the best kidney medicine I have ever used. They have been of untold benefit to me."

The speaker is Mrs. John S. Dickinson of this place. She is enthusiastic in her praises of the great Canadian kidney remedy, and not without reason. "I suffered from kidney trouble that started in a cold," she continues, "and for four years I was never free of it. I was treated by a doctor, but he did not seem to be able to do much good."

"I had rheumatism and neuralgia, and my joints were stiff; my muscles cramped, and I was always tired and nervous. I perspired freely with the slightest exertion. I was depressed and low spirited, my limbs swelled, and I had a dragging sensation across my loins."

"Nine boxes of Dodd's Kidney Pills made a new woman of me." Are not Mrs. Dickinson's symptoms those of any run-down, worn-out woman? They are a clear symptom of kidney disease. Dodd's Kidney Pills give new life to run-down women by curing their kidneys.

Mr. Peter McIntyre, representing the Universal Lightning Rod Co., of Hespler, Ont., is registered at the Anglo, and for the next few weeks will be busy taking orders and establishing agencies in this locality.

O CAPTAIN! MY CAPTAIN!

Walt Whitman.

O Captain! My Captain! our fearful trip is done, the ship has weathered every rack, the prize we sought is won.

The port is near, the bells I hear, the people all exulting, and swelling with follow eyes and steady keels, the vessel grim and daring.

But O heart! heart! heart! O the deed! O the deed! O the deed! O the deed! O the deed!

Where on the deck my Captain lies, Fallen cold and dead.

O Captain! My Captain! rise up and near the bells; Rise up—for you the flag is flying—for you the bugle trills.

For you bouquets and ribbon'd wreaths—for you the shores a-warding—for you they call, the swaying mass, their eager faces turning:

Hear Captain! dear father! This arm beneath your head! It is some dream that on the deck You're fallen cold and dead.

My Captain does not answer, his lips are pale and still; My father does not have my arm he has no pulse nor will;

The ship is anchored safe and sound, its voyage closed and done, From fearful trip the victor ship comes in with object won.

Exult O shores and ring O bells! But I with mournful tread Walk the deck my Captain lies Fallen cold and dead.

TO PREVENT POLITICAL CORRUPTION

(Special to The Ontario)

Toronto, Feb. 25th, '14
J. G. Anderson, Liberal member of the Legislature, for South Bruce is reintroducing his Bill to provide for the publication of political contributions. In general scope this is the same as the Bill proposed by Mr. Anderson last session. Together with the Bill of Thomas Marshall, Liberal member for Monck, prohibiting political contributions from corporations it was withdrawn upon the assurance from the Prime Minister that although the Government was not prepared to discuss the details they had accepted the principles of the Bills but asked that they be left over until this year.

Mr. Anderson's Bill provides that any person receiving a contribution for political purposes must file a statement with the Clerk of the Crown in Chancery giving the date and the amount of the contribution and from whom it was received. The Clerk not less than five days or more than twelve days prior to a general election must publish these returns in the Ontario Gazette.

Since Mr. Anderson's Bill was first introduced last March public attention has been turned more and more to political corruption in Ontario. In Quebec, in New York and other centers, interest in this Bill, therefore, and also in Mr. Marshall's, which is said, will be even broader and more drastic than his previous one is likely to be kept.

In the interval, for example, there have arisen the Proudfoot charges against the Provincial Secretary. In that case it was admitted that a campaign contribution had been taken on by a Minister of the Crown from a contractor who at the time had a claim pending against the Government. If Mr. Anderson's Bill had been in force the claimant would have had to publish the fact of his taking the contribution. This, of course, he would have cared to do as it was illegal at any rate to take money from anyone having a claim against the Government. In that case Mr. Hanna either would have been deterred by the publicity requirement from taking the \$500.00 or he would have done so, not only against the criminal code, but also against this other law.

In New York State in the month of January the Democratic State Treasurer, after a thorough trial, was found guilty of receiving a campaign contribution of \$400.00 from a corporation. The affair stirred up remarkable interest in the State and showed to what an extent public opinion is aroused against even the appearance of political corruption. After strenuous efforts and the plea of ignorance, the State Treasurer was allowed a suspended sentence.

The Quebec scandal has been even more spectacular and new, though the efforts of A. K. McLean, Liberal Member for Halifax, a non-partisan committee of the Federal House is studying the whole question of political corruption.

Mr. Anderson, therefore, has hit upon the psychological moment for the re-introduction of his Bill. The impending debate on the question in the House will surely provide interesting features.

Mr. Muller, government officer, is in town.

Chief Graham, of Napanee, is in town today.
