SUCCESS OF CAR BEING WATCHED

Prince Edward Hope to See the Electric Service Extended Through to Picton

PARTNERSHIP DISSOLVES Bible Society Elects New Officers for year—Personal Mention

· WELLINGTON, June 1. — Many here are with interest to see if the Trolleyless Electric Car service on the Trenton-Belleville line is a success as it is stated that a similar service may be established on the Trenton-Picton line. As this line is so inadequately served at present it would be a boon to many in this locality if such a service were started, with an early train up in the morning, and late train down at night connecting with the Main line trains.

The ensuing sittings of His Majesty's Court Revision Court will be held by Hon. Judge McLean in the
