**RED CROSS SPEAKERS GET A GRAND RECEPTION.**

**Academy Hall Well Filled—People All Strongly Behind Our Red Cross Workers.**

When Bandmaster Elliott and his Band struck up Patriotic Airs and Marches last evening in front of the Academy Building the citizens remembered that there was to be a Red Cross Meeting and addresses were to be delivered by prominent speakers in support of the great Red Cross Drive, so they poured into the auditorium of this School Building, which was soon well filled, with an enthusiastic and deeply attentive audience.

When Principal Cumming and the Speaker of the evening Kenny the daring and brilliant Red Cross Am-bulance Driver, right from the front, and Prof. Stewart of Dalhousie University appeared, the audience arose and a fine rendering of "God Save the King" sounded forth. It was the key-note to the enthusiastic loyalty that ran thru the meeting the whole evening.

Principal Cumming, as Chairman was most happy in his introduction of the Speaker and gave a bit of inspiration in pointed, practical and well-set words. Prof. Stewart gave interesting details of Red Cross work and made an appeal for continued help for this great Institution, that was playing such a noble role in this World War.

An Ovation greeted "Kenny, the daring and brilliant Red Cross Am-bulance Driver," as we best know him, when he arose to speak. His audience was with him from first to last. He took his hearers thru a most exciting part of the great battle-fields and his person experience were interesting.

He had specimens of shells, helmets, and other battlefield trophies and pictures were shown of exceedingly interesting episodes in his battlefield movements. The "spot" where he got the Hun and a Hun helmet was a good one, and brought down the house.

In all the exciting events of a dangerous and almost dare-devil life at the front, fighting for a World's Liberty, there is always one friend at least at the Soldiers command.

The Red Cross, and of this Institution this returned American soldier spoke almost reverentially. Too much could not be done for these great workers for the fighting men at the front. Give them all the money that you on spare it will all be needed and all will be well spent.

The hundreds who heard these appeals in Academy Hall last night went away fully determined to give more than ever before to this great and noble work of the Canadian Red Cross.

Paris, July 8—Thousands of specially devised rifles for sending propaganda over the enemy lines are now in use in the allied armies, according to James Kerney, director of the Franco-Amban committee of public information.
