

ABOUT THE GOODS

Groceries must stand the test of the family table. We recognize this fact and keep it in mind when buying our goods. They must be pure and fresh, or they would be dangerous to health.

You can place entire confidence in the purity and freshness of our goods. We stake our reputation on that.

Should you have the slightest complaint to make about goods you have purchased from us, let us know—we'll exchange them, or refund the money, promptly and cheerfully.

Natural Gas Lighting . . .

You will require an "International" light on every bur when the Natural Gas is turned on. The ordinary tips will not answer at all as it produces no light whatever.

We shall be glad to get your lighting apparatus in shape as well as your cooking and heating outfits, and by letting us have your order now you will secure prompt attention.

The outbreak of small-pox in the
Muncy Indian Reserve is causing the
health authorities considerable alarm,
and it is feared a general outbreak is
imminent. Three new cases were dis-
covered Monday. The disease was
brought from Oil Springs by a squaw,
who was in contact with hundreds be-
fore being detected. The physicians
are doing their utmost to confine the
disease.

Colds on the Chest

Ask your doctor the medical name for a cold
on the chest. He will say, "Bronchitis." Ask
him if it is ever serious. Lastly, ask him if
he prescribes Ayer's Cherry Pectoral for this
disease. Keep in close touch with your family
physician, and follow his advice carefully.
