STORM'S HARVEST OF VESSELS.

The second terrible lake storm this fall has again called attention to the fearful sacrifice which our inland seas demand. Many people no doubt wonder why the lakes should prove so perilous. A partial explanation is found in the following statement of a man who has compared lake and ocean conditions. He says: "In a storm navigation is more dangerous on our western lakes than on the ocean. There is not space enough for safety, and in the short waves and narrow channels more skill is required than in the broad sweep of the ocean. There is always a lee shore near, and you cannot run away from it as you can at sea."

Another writer telling of lake storms says: "Wrecks, explosions, beachings, collisions and foundering without number have marked the short but eventful history of navigation on the Great Lakes. It is an awful death list, three hundred and four hundred in a single season, that the beautiful Great Lakes have claimed as their prey. Is it any wonder that they gained for themselves the reputation of being the most perilous body of waters in the world?"

The cause given is, as stated, only partial. Another cause of the loss is the absence of proper regulations protecting vessels and seamen. In this connection The Globe says: "The traffic on dangerous waters goes on without any attempt at enforcing regulations against overloading or against sending vessels out undermanned. The situation calls for a Plimsoll who will fight for the rights of sailors in Parliament or Congress. In Britain every vessel must be inspected, and must be marked with a load line below which she must not be loaded. This law has prevented the sacrifice of many lives, and is an enduring monument to the man whose pluck and perseverance forced it through Parliament against an organized opposition. The same honors await the man who will take the initiative in this matter in Canada or the United States. The overloading of vessels on the lakes is notorious. Insurance companies are complacent, owners are eager, and captains must crowd in cargoes or give up their vessels to others who will. There is no restriction enforced as to load line, and no one seems concerned about the lives exposed to danger."

SAD DEATH

Miss Inetta Hubbard Passes Away
in Michigan After Four Weeks
Illness With Typhoid Fever

So faithful to her post of duty as nurse, giving up her own needed rest and sleep and thus undermining her health and vitality, Miss D. Inetta Hubbard, sister of Mrs. Stephen Windsor, succumbed to typhoid fever after five weeks' struggle.

Miss Hubbard went to Brown City to nurse Rev. Russell Dodd, of the Mennonite church, who, with many others, contracted this disease at Petoskey. Several have died, but through the unremitting care of his nurse Mr. Dodd recovered to see his faithful attendant stricken down. Although a nurse was procured, the body weakened from long watches, having passed from one case to another almost since she started on her career as a nurse, which has only been about one year, could not withstand the ravages of the disease, and she died Wednesday, November 22, 1934.

The remains were brought to Yale on Thursday and taken directly to Elmwood, where short services were rendered by Rev. C. D. Ellis. The male quartet sang an appropriate selection and the departed form was laid to rest with relatives and friends around the open grave. Having spent quite a portion of her time in Yale, Miss Hubbard was well known and a favorite with all. Her early demise is mourned by many—Yale, Mich., Examiner.

Deceased was a sister of Mrs. Alex. Stevenson, Adelaide street.

GOOD MEETING

The regular meeting of the Victoria Avenue Epworth League was a notable success last Friday evening. This being Consecration evening it was largely attended and a very pleasant time was spent.

President Lindsay Parrott opened the meeting, after which the topic of the evening was read by Mrs. Wells. Then came a short intermission in which everyone was made welcome.

After the intermission the meeting was in charge of Miss Grace Craft, and a well prepared program was rendered, which was as follows:
Solo—Garfield Holman.
Address—Mr. McArthur, on the League Work.

Then a hymn was sung and the gathering dispersed.

Chief John Ninham, of the Onondaga Indians, sent by express to King Edward, a package containing two quilts, one silk and one velvet, as a present from the tribe. One of the quilts took him years to make.

FRIENDLY WARNING

No Need to be Alarmed About Stomach Troubles if you Use Mi-o-na

The most frequent affection of the stomach is catarrh, as the delicate membrane which lines the stomach is easily irritated by harmful food or overeating. Keep a strict watch for the first symptoms of stomach trouble. Take this friendly warning in the spirit in which it is given and profit by it.

Shortness of breath, black specks before the eyes, furred tongue, dizziness, belching of gases or sour food, weakness and debility are all signs of catarrh of the stomach. There is no need to be unduly alarmed, for this disease can be cured by Mi-o-na. It

SUCCESSIONAL TEA

A very successful tea meeting and concert was held by the Ladies Aid of the Presbyterian church in Dover last Friday evening. A large number of Chatham people attended and local talent figured largely on the program. The party from Chatham went out on the electric car.

Fred. Stone of this city made a capital chairman and presided over the following excellent program:

Address—Mr. Stone.
Address—H. S. Clements, M. P.
Address—Rev. A. H. MacGillivray.

Piano solo—Miss Rose Morrison.
Vocal solo—Miss Hollinrake.
Vocal solo—Miss Flora McGeorge.

Recitation—Miss Evelyn Barassin.
This church is in a prosperous condition and the ladies especially deserve great credit for the success of their entertainment.

IF WOMEN ONLY KNEW

Thousands of women suffer untold misery every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause, Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. F. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I got relief from Doan's Kidney Pills and after I had used three boxes of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Close attention to words of instruction will save a vast amount of bother.

C. B. C. NOTES

Messrs. Seth Derbyshire, of Leamington, and Gordon L. Graham, of Valetta, have entered the Business Department during the last week.

Miss Sarah Mills, of Ridgeway, a student of the Shorthand Department of last year, has secured a position as stenographer with C. Austin & Co.

Mr. Benson James, an ex-student of both departments, and now with a large lumber firm in Cleveland, called at the College office on Thursday. His sister, Miss May James, who has been taking the work of both courses here, returns with him to Cleveland to accept a good position.

The unexpected news of Herman Jenner's death came as a great shock to those who knew him as a student in both departments of this institution.

Miss Mary Western has accepted a situation as bookkeeper in the College office here.

Mr. Harvey G. Hicks, the winner of four medals at the June examinations, and since September assistant commercial teacher here, has severed his connection with the College. He received a very flattering offer from the London Life Insurance Co., of London, Ont., and as his preference was for office work rather than teaching, he decided to accept it. Mr. Hicks has been very successful in his work here, and his

many friends will wish him the best of success in his new position. His successor, Mr. A. L. Randall, a former Public school teacher of Conn. Ont., who took his course last year, will begin his duties on Tuesday, January 2nd.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day. SCOTT & BOWNE, Toronto, Ont.
