RLYS. CUT RATES FOR N. B. POTATOES

Big Shipments Will Be Started to Western Cities—Shippers and Rat's Experts

Montreal, March 2—The Canadian Pacific and Canadian National Railways have agreed to put into effect special freight rates to make possible the marketing of New Brunswick's big surplus stock of potatoes in western Canada and thus provide an outlet for the large quantities of potatoes which it had been expected would be sent to the British market, until the embargo upon Canadian potatoes was suddenly imposed by the British ministry of agriculture.

This afternoon the rates are to be announced, the rates experts of the railways having been busy engaged in preparing the figures since a conference which was held here on Saturday between representatives of the New Brunswick potato shippers and the chief freight traffic executive of the railroad, G. G. Porter of Perth, H. H. Hatfield of Hartland, C. W. Clark of Woodstock, Warden W. F. Anderson of Carleton County, and Harry Webb, representing the New Brunswick Potato Exchange of Woodstock, representing the shippers at the conference.

The special rates, it was promised, would be actual cost of haulage and it is expected that big shipments to western cities from Winnipeg through to the Pacific coast will be soon started from all over New Brunswick.

LETTERS TO THE EDITOR

THE MISSION TO OTTAWA

Editor Observer,
Dear Sir:

Having been appointed as one of the delegates from our town to join the large delegation from our provinces by the sea to present our claims to the Government at Ottawa. We left Hartland the afternoon of the 25th Feb. and arrived at Ottawa at 12.20 the 26th. We immediately went to the Chateau Laurier, and assembled in one of the large rooms for organization. Mayor Murphy of Halifax was appointed chairman, a programme was drafted to present to the government, speeches were made by delegates from different parts of the Dominion. Afterward we proceeded to the railway committee room. On the platform were Premier King and his cabinet, Premier Veniot and others. The first speaker was Mayor Murphy of Halifax. He was well received and made a good impression. Mr. McCauley of St. John also spoke, as well as others. Premier King replied on behalf of the Government. He took up the different points and said these were not new questions, as they had been pointed out to him and his cabinet by members from the Maritime Provinces many times. He said it is the policy of this Government to equip all the ports of Canada. This would take time. The transportation problem was to be thoroughly gone into, particularly the ocean rates. This he thought the greater hindrance to traffic and must be controlled. Premier King impressed me as being very sincere when he said the Government would do all it could to meet the wishes of the Maritime Provinces. In the evening at 7 p. m. we met again in the same room. Hon. Mr. Kyte was chosen chairman. He called to the platform members of the three different groups in Parliament. The speakers were, one from Quebec, one from Ontario, one from British Columbia and Mayor Murphy of Halifax. Mr. Simms from St. John Premier Veniot and others. I thought this was the better meeting and I am expecting something practical to be the outcome of this delegation. This is only the beginning and must be followed up and with all the different provinces working together, good and lasting results will surely follow.
L. E. McFARLAND.
