Bathurst Harbour,

A newspaper report states that Sir Hector Langevin, while at Bathurst recently, promised to have a thorough inspection made of the harbour, and to use his influence to obtain such an appropriation next season as would dredge he bars and shoals, so that vessels of a larger draft of water would be able to come up to the wharves and load. We hope the report is well founded, the improvements referred to being much

**MECHANICAL ORGUINETTE** 

AN AUTOMATIC REED ORGAN.

"THE ORGUINETTE may now be called a celebrated instrument. In tone it is akin to the Cabinet Organ, but the organ must be manipulated by an artist in order to produce music; the Orgunette is on the other hand entirely mechanical in its action, and at trifling expense it can be made to furnish an unlimited supply of all kinds of music.—

Toronto Globe." "THE ORGUINETTE is indeed a musical wonder. It is a minature reed organ, with as strong and melodious a tone as the Cabinet Size. It surpasses the Cabinet Organ for the reason that the ignoramus in music can play it as well as the most accomplished

for the reason that the ignoranus in music can play it as well as the most accomplished professor. The OrguineTrie is strong and accurate in its mechanism, and consequently not liable to get out of order."—Montreal Gazette. "THE ORGUINETTE is the most perfect automatic musical instrument yet invented; its repertoire is unlimited, the tone is remarkably good."—Montreal Star.
