

DISCUSSION ON QUEEN'S.

Assembly's Amendment to the Committee's Report.

Discussion Over Suggested Liquor Legislation.

Race-Track Gambling—Pringle and Black Commended.

Winnipeg, June 11.—By working vigorously until the approach of midnight, the thirty-fourth General Assembly of the Presbyterian Church came to a conclusion to-night. An immense amount of business was transacted during the day, and many heavy topics were passed in review, including the temperance issue. The report on it favored prohibition wherever possible, and where it could not be secured, the elimination of the element of private gain from the liquor traffic.

The report of the special committee appointed to consult Dr. Wilbur Chapman on the subject of evangelism was received. It was suggested that a committee be appointed to consider the question of evangelism at length and report at the next Assembly; that a letter of thanks for the efforts of co-operation and assistance be sent to the Evangelistic Committee of the Presbyterian Church of the United States, and these recommendations were approved. The committee will be divided into three sections, representing western, central and eastern Canada. Dr. D. McLaughlin, Toronto, is Convener of the central section. A recommendation that the Assembly approve officially simultaneous campaigns to be undertaken in Vancouver, Hamilton and Halifax was voted down.

Ministers From Other Countries.

The committee to consider applications of ministers from other churches gave a report, and twenty-four of these were accepted. Most of the balance were held over for further information. Those accepted included Revs. W. Black, Ottawa Presbyterian; J. R. Black, Kingston; J. F. Malcolm, Whitby; John Gray, W. B. Cooper, H. S. Kerr, Toronto; A. Shepherd, Barrie; A. E. Mitchell, North Bay; M. C. Campbell, Owen Sound; M. P. Craig, Sarnia.

The report of the Committee on Religious Services at the Quebec tenebrary stated that Moderator DuVal had been asked to preach there and had consented. Dr. Bryce, Winnipeg, and Dr. Campbell, Montreal, both ex-Moderators, and Rev. C. W. Gordon, Winnipeg, will also take part.

Relation of Queen's.
On resumption of the Queen's debate Rev. M. Knowles, Gait, was granted permission to displace the amendment moved by him last night, and also the amendment moved by Dr. Campbell, with a new amendment, which read as follows:

"The General Assembly having heard the memorial of the Senate transmitted by the Board of Trustees of Queen's University and the report of the special committee on the subject, reaffirm the position taken by the Assembly in 1904, and remit the memorial to the trustees to consider what steps may be taken to provide retiring allowances for aged and infirm professors as the cases may arise."

Professor McNaughton, who leaves Queen's for McGill, and Rev. Thurlow Fraser, Portage la Prairie, pleaded earnestly for the adoption of the report as it stood.

Dr. Herridge, Ottawa, denied firmly that there was any serious proposal to separate Queen's from the Church. He would not do it if they could, he said, and they could not if they would.

Dr. Milligan also supported the report, pointing out the enormous financial difficulties which now beset the institution. The change must come, but Queen's would be as Presbyterian in genius as ever.

Several other commissioners spoke, and then Prof. Laird, financial agent of Queen's, offered arguments against the report. He contended the increasing revenue would take care of the retiring allowances as well as the work of the institution, while the acceptance of the Carnegie proposition meant that all Presbyterian control should be removed.

Principal Patrick closed the discussion and maintained strongly the position taken in introducing the report. He regarded the Assembly as a most unsuitable body in which to settle the question, and the value of the report lay in the fact that the Assembly was not committed to any course. Queen's, and Queen's alone, he said, should decide the whole problem. The Presbyterianism of Queen's was not dependent on the wording of the charter, but drew inspiration from its men. The committee insisted that the connection between the Church and the theological faculty should be as strong as ever.

On a vote being taken the amendment offered by Mr. Knowles was carried by 65 to 47.

The main motion, as amended, was then carried by 67 to 53.

Principal Gordon, of Queen's University, presented the report of the endowment of that institution. Gratification was expressed at the progress made in the efforts to raise a fund of half a million dollars.

The rest of the report of the Committee on Social and Moral Reform approved the formation of a social and moral reform council for the Dominion, and the committee's association and co-operation with it, commended the idea of a patriotic Sunday and urged its general observance, authorized the committee to call itself the Board of Social and Moral Reform, and appeal to the Church for \$10,000 for the current year and spend the sum so raised. It also deplored the prevalence of the gambling spirit and the encouragement that spirit received from the interpretation put upon the criminal code in a recent decision, by that interpretation, track betting was declared legal, and rejected to learn of the probability that the Dominion Government is about to ask Parliament to amend the code so as to prohibit the said betting, and urged that this be done before the close of the present session.

The only discussion created was in connection with the Social Moral Reform Council of the Dominion, made up of a number of bodies, religious and otherwise.

The constitution was carefully explained by Dr. Shearer and the clauses were adopted.

The final report of the committee,

which was unanimously adopted, was as follows: "The General Assembly gratefully acknowledges the fearless stand for purity and righteousness of life taken by our missionaries on the frontier, and especially Drs. Pringle and Grant in the Yukon, and expresses its continued confidence and esteem for the brethren who are thus rendering noble service to the Church and country for their fearless denunciation of vice and fight for righteous government. Further, the Assembly rejoices at the improved conditions of the Yukon as revealed by the report of the committee."

The report of the Sabbath Observance Committee were received and cordially approved.

Rev. Alfred Gandier made an excellent address in presenting the report of the Committee on Systematic Giving. A large number of reports were considered rapidly during the evening session. These included the widows and orphans' fund (western section), church and manse building fund, Presbyterian Record, Hymnal Committee, method of appointing standing committees, protection of Church property and uniformity of worship.

PRESIDENT JAILED.

Latest Move in the Bank of St. John Affair.

Montreal, June 11.—An important move was made in the Bank of St. John affairs to-night when Hon. Philippe Roy, former President of the bank, was arrested on a charge of making false returns to the Government. It is alleged that in the current loan columns of the returns sent to the Government were found promissory notes long since outlawed, and which are without any value whatever. The arrest was made through Crown Prosecutor Hibbard, who acted under instructions from the Attorney-General.

Mr. Roy was allowed out on bail of \$2,000, and will be tried as soon as the necessary steps can be taken. It is said that the liabilities of the bank amount to over \$500,000, and the assets to not more than \$200,000. Mr. Roy is personally very wealthy, being the owner of the St. John's waterworks and electric light plant, and other industries in the town and Province. He was Speaker of the last Provincial Legislature, and ran for Mayor of Montreal in February, being defeated by Mr. Louis Payette.

HEIRS OF COL. BECKER.

Great Gathering in Woodstock to Consider Action.

Woodstock, June 11.—One hundred and fifty supposed heirs of Col. Henry Becker, gathered from all parts of western Ontario and farther met here this evening to take steps to secure the estate of over one hundred million dollars, which, it is claimed, belongs to them. It was decided to energetically prosecute the investigation of the claim. The claim is that Col. Henry Becker, who fought on the American side in the war of independence, secured property and estates which have since become of vast value.

It is said that a big part of the site of the city of Philadelphia was owned by him, and that its present holders are in possession illegally, and that the heirs gathered to-day are the real owners. Eight years ago, it is said, a large number of supposed heirs became interested in the scheme, but after thorough investigation it was ascertained that it was the clever undertaking of a little band of adventurers, and that there was nothing in the claims except for the promoters.

RETURNS FROM QUEBEC.

Mr. Bourassa Defeated in St. Hyacinthe by One Vote.

Montreal, June 11.—It now seems certain that the new Quebec House will have fifty-nine Liberals and fifteen Oppositionists. The latest returns give Ottawa to the Liberals instead of the Conservatives, as stated in the early count. In one of the deferred elections (Gaspé) the Liberal candidate, Dr. L. J. Lemieux, member of the last Legislature, was yesterday elected by acclamation, his opponent having retired. There remain Chicoutimi and Magdalen Islands, both of which are practically certain to return Liberals.

The re-count of votes in St. Hyacinthe to determine whether Mr. Morin, Liberal candidate, or Mr. Bourassa, Nationalist, had won took place at St. Hyacinthe this morning. At first count it appeared as though Mr. Bourassa and Mr. Morin had tied, but to-day the returning officer was able to announce definitely that Mr. Morin had been elected by a majority of one.

The waist (which may be made with high or low necks) has a square yoke of cream colored Chym lace over white silk, and the shaped bretelles are of the material, trimmed with velvet ribbon a shade deeper in tone, and a narrow edging of lace. CARRIED OFF BY KITE.

Boy Dragged From Roof of Four-Storey Building.

New York, June 11.—While flying a box kite yesterday from the roof of a new four-storey building at Howard avenue and Dean street, Brooklyn, George Earl, twelve years old, was carried over the edge and fell, unhurt, on a pile of sand. Several boys were with him on the roof, and when they saw he was being slowly dragged to the edge by the kite they tried in vain to save him.

A crowd in the street, realizing the lad's plight, told him to hold on until help arrived. The little fellow clutched at a water pipe, but a sudden shift of the wind jerked him clear off the edge of the roof.

One man, believing the boy was badly hurt, called an ambulance, while another summoned a physician from a house near by. Dr. Sullivan, who arrived within a few minutes, made a careful examination of young Earl and declared that he was none the worse of his fall.

AMONG THE JEWS

NEWS NOTES ABOUT THEM FROM ALL OVER THE WORLD

A large audience listened to an address delivered by Dr. Magnus, at Syracuse. Zionism, the speaker declared, is not intended for prosperous American Jews, but for the unfortunate in Russia, Roumania, and Galicia, who crave for Zion. Zionism, for the first time in two thousand years, has created a Jewish conference, created a literature, founded twenty-seven agricultural colonies in Palestine, and the Jewish Colonial Trust, all within ten years. It is a movement of revival, of religious and spiritual freedom. With it young men and women re-enter Judaism with zeal. He is encouraging Zionism, his Judaism is not questioned.

Herr Nahum, head of the mission that has been sent to the Falashas, in Abyssinia, by the Alliance Israelite, was cordially received by Emperor Menelik. His Majesty told Herr Nahum that the country is open to him, so that he can visit the Falashas and study their condition and beliefs.

The Prime Minister of Russia, M. Stolypin, told the Jewish Deputy Nissenfeld that the time is not ripe to even discuss the Jewish question. He advises that all questions pertaining to the Jew in Russia be postponed to the next session of the Duma.

The Jewish Emigration Association of Minsk is encouraging emigration to Eastern countries.

It is stated that the fortune acquired by the greatest of the Jewish publishing houses, the Widow and Brothers Romm, of Wilna, was made solely from publishing Hebrew calendars.

Pickett Camp, Confederate Veterans, of Richmond, Va., participated in the exercises on Hebrew Memorial Day, May 20th, and paraded in full uniform on that occasion.

The Jewish colony at Chederah, Palestine, is reported in a flourishing condition. The colony has a population of 750 Jews.

Daily communication has been established between the East and West coasts of the Dead Sea by Jew and an Arab who have acquired a large steamer.

A Jewish gymnasium is about to be opened at Riga.

The "Hilfsverein der Deutsche Juden" has given ten thousand francs more to assist those who suffered from the recent fire of the Jewish quarter in Constantinople.

At a meeting of the Federation of American Zionists, held recently at New York, Mr. Joseph Cowen, of London, was the principal speaker. He was cheered for fully five minutes when he was introduced and repeatedly applauded as he painted a glowing picture of a Jewish "world power" in Palestine.

The Zionists in the New England States have been very active of late, successful Zionist mass meetings being held by the Dorset Zion Society of Bangor, Maine, and by the Agudath Shaari Zion Society, of Worcester, Mass.

Throughout the centuries during which Jews have lived in the whole of Turkish empire, they have enjoyed complete freedom and protection. The British Consular reports in respect to Palestine for 1906 and 1907 are exceedingly favorable, showing progressive development in which every branch of industry, agriculture and trade in Palestine, and that exports and imports are increasing very considerably.

Mr. A. H. Fromenson's propaganda tour to the South in the interests of the Zionist movement has proved eminently successful. A new interest in Zionism has been aroused in the cities which he has so far visited.

The Jewish agricultural colonies in New Jersey were established twenty-five years ago, 15 acres of land, a tiny house, and a small pension for living expenses during the first few months being allotted to each settler. Ten years' time was given for paying back total obligations of \$350. The plan has succeeded. A wilderness has been transformed into a smiling expanse of garden truck. There are 350 Jewish farmers with land and property valued at half a million dollars.

A new Zionist society, the Patriots of Zion, has just been organized in Brooklyn, N. Y., with 20 members. This society will devote itself to general Zionist work, and a strong feature of the club will be athletics.

The late Professor Oppert bequeathed to the Lehranstalt fuer die Wissenschaft des Judenthums, of which he was a trustee, the sum of 300,000 marks.

New York's aggregation of Jews is the largest in history or tradition, re-

presenting, as it does, ten per cent. of all the Jews in the world. It is larger than all the aggregate Jewish populations of Vienna, Budapest, Berlin, Vilna, Amsterdam, Lemberg and London. It is ten times larger than the entire Jewish population of France, twenty times larger than the entire Jewish population of Italy, twenty-five times larger than the population of Jerusalem, and fifteen times larger than the entire Jewish population of Syria and Palestine. If the Jewish population of New York continues to increase at its past rate—and it shows no sign of diminution—it will soon dwarf all other elements in that city.

According to the schedule of the Oriental Seminary of Johns Hopkins University for 1908-1909, Dr. Rosenau will lecture on "Jewish Ceremonial Institutions," and conduct courses in the "Reading of the Unprinted Texts," "Mishnah," "Talmud," "Rabbinical Commentaries" and the "Jewish Philosophers of the Middle Ages."

All were most delicious. She also gave some choice recipes. Had the Fever.

Ban Johnson, President of the American League, tells of his experiences in a New York restaurant. "While attending a conference in the East," relates the baseball magnate, "I was presented with a handsome Boston terrier. That night, accompanied by my four-footed friend, I visited an uptown cafe. Presently a waiter, formerly from Chicago, accosted me, and announced, 'No dogs allowed. You'll have to take him out.' 'Come, come, old man,' I replied, 'he's offending no one.' 'Can't serve people who have dogs, I tell you,' continued the waiter, wrathfully, collecting an armful of dishes from an adjoining table. 'You'll have to get out.' Just then a friend of mine dropped in, and said in a cheery tone: 'Well, well, Ban, glad to see you! How's baseball?' Before I had time to reply I was startled by the crashing of dishes. Turning quickly, I beheld the waiter rushing toward me with outstretched hands. 'Hello, Ban!' he exclaimed, cordially, slapping me on the back. 'Didn't know you! What'll ye have? What'll the dog have?'

She—Yes, I wear a No. 2 shoe. He—I suppose that is considered a great feat.
