THE KNOXMAN ARE COMING.—By a Letter from the Manager of the above Company, which we received by the last mail, we are informed they intend visiting Charlottetown in a few days. The company consists of Gustave Courcelle, the violinist from Vienna and Paris Conservatories, Julius's Concerto, London, and Martin's Castle Gardens, New York; MADAM GUSTAVE KNOXMAN, formerly Miss Mary Shaw, the most renowned vocalist, and COURT STANWOOD WOLFEVER, one of the most celebrated pianists of the age, decorated by the Queen of Spain with the Legion of Honor. They have performed in the United States, and recently in New Brunswick, and have been everywhere received with the utmost enthusiasm, and crowned with the greatest success.

A distressing accident by drowning occurred at York River, on Tuesday last, John, aged 11 years, and Frederick, aged 9 years, very promising boys, sons of Mr. William Boston, were drowned by another boy much older, to go out over their depth in the river, and, not being able to swim, were drowned. The inhuman wretch ran away, and made no effort to save them. It was three hours after, before they were taken from the water.

The Steamer Admiral, when off Monaghan, on Friday morning, about 1 o'clock, picked up the captain and crew of the brig Chaledony, King master, and from Windsor, N. S., for New York, loaded with plaster. She sprang a leak about 9 o'clock, on Monday night, and sunk at eleven. The crew had just time to get into the small boat. A heavy sea was running, and there was some danger of the boat being swamped when taken off. The vessel was not insured, and the captain and crew lost everything. Could not save the papers of the vessel.—St. John Paper, July 10.

The nomination for a Member of the House of Assembly, in the name of the Hon. Donald Boston, who has accepted a seat in the Legislative Council, takes place on Tuesday the 31 day of August next, and the polling will be held on the 10th of the same month.

We this day publish Dr. Johnson's second letter to His Excellency on the subject of the Agriculture of the country which will be found well worthy of a attentive perusal.

A PRIZE.—The Telegraph, Tender to H. M. Steamship Despatch, recently sent to cruise in the Gulf, by direction of the Admiral, for the protection of the Fisheries, seized an American fishing vessel for violating the terms of the Convention of 1818, and brought her into this port on Saturday last. This is the result of our Lieut. Governor's able representations to the Colonial Office on the subject of protecting our fisheries; and we sincerely trust this seizure will have the effect of opening the eyes of the Cabinet at Washington to the advantage their people will derive from purchasing a common right of fishery on the coasts of this Island with the concession of reciprocal trade.—R. Gazette.

Mills for Sale. THE undermentioned PROPERTY will be sold by Public Auction on the Premises on TUESDAY the 10th day of August next.

THE Subscriber offers for Sale a GRIST MILL erected nearly 3 years ago, with the Leasehold Interest of fifty-five acres of excellent LAND, on 500 years Lease at 1s. per acre. This Property may be sold in one, two or three Lots, to suit purchasers. One-half of the purchase money may remain for two or three years unpaid, on approved Security either on the property or otherwise. For further particulars, apply to J.
