THE WHIRL OF SOCIAL AND BUSY GOSSIP.

EASILY DIGESTED.

SATURDAY'S DAILY.

Rev. Dr. Gates has accepted a call to the German St. Baptist church, St. John, in place of Rev. J. D. Freeman, resigned.

Policeman Simpson who arrived from Amherst yesterday with a warrant for Lena Adams, the girl detained by the local police authorities on a charge of theft, returned home with his prisoner this morning.

The A. O. H. of this city have decided to run an excursion to Woodstock on August 13th. The citizens of Woodstock are arranging a monster celebration for that date, and no doubt the excursion will be very liberally patronized.

Manager Foster of the Royal Bank, accompanied by Mrs. Foster and children left this morning for Barabouche on the Miramichi to enjoy a well earned holiday. John Christie will act as manager of the bank during Mr. Foster's absence.

Manager Manning of the Bank of Nova Scotia, is to be married at Toronto on August 20th, to Miss McLeod, daughter of H. C. McLeod, general manager of the bank. Upon returning from their bridal tour they will take up their residence here in the house on George street, lately vacated by Dr. Davidson.

Two new cases of small pox have broken out at Baie-Croche, Mr. Gaudet and his son. There was an impression in some quarters that the disease from which the patients was suffering was not small-pox, but Dr. Fisher, Secretary of the Provincial Board of Health, has examined and pronounced it undoubtedly small pox. All the churches have been closed and will remain closed till the disease is checked.—Riobonnet Review.

Stephen Whitehead has returned from a pleasant outing spent in the vicinity of Riley Brook on the Tobique. He caught a large number of trout and saw lots of game, including two moose and a deer.

H. F. McLeod, who lately returned from a fishing trip on the headwaters of the Southwest Miramichi, reports big game very plentiful in that locality. He spent a week camping in the woods and at that time saw twelve moose and a bear.

J. M. Chappell, of this city, has been notified of the death of the 30th ult. of his cousin, Joshua Chappell, a well known and esteemed resident of Baie Verte. The deceased was about 70 years of age and is survived by two sons, George B., clerk in Barker's White store, this city, and Gordon, who resides in South Africa. Another son was Montrose C. Chappell, who went to South Africa with the first Canadian contingent and died at Belmont, being the first Canadian to give up his life in the war. Another son shortly afterwards lost his life by drowning in British Columbia.

Corporal Miles Booth, Coopers Frank McCarman, Samuel Jones, Norman Clynick, Daniel Jones, George Pollock, Frank Valentine, Harry McArthur, of this city, and Privates Renard, Scott, Blizard, May, Jenkins and Ross of the R. C. R., who went to South Africa with the Mounted Rifles returned home last evening. There were quite a number of people at the station when the train arrived and the boys in khaki received a most cordial welcome. Trooper Samuel Jones was a member of the third contingent and was in the engagement at Hart's River, while the others are all fourth contingent men.

The members of the B. and E. club had at home to their lady friends at the club house last evening. There was a good attendance of the fair sex and a very pleasant evening was spent in dancing. Excellent music was furnished by Hanson's orchestra, and the Fredrickson Brass Band discoursed a program from the band stand on Parliament Square. Charles H. Allen, one of the officers of the club, created quite a breeze by appearing on the scene clad in a shirt waist. He displayed more than his usual gallantry to the lady guests and made a decided hit in his cool and becoming costume. No doubt his worthy example will be emulated by others, when next the club entertains its lady friends.

John W. Wetmore, C. P. R. claims agent, in a letter to J. E. R. Sutherland resigns from the management of that peculiar assortment of material known as the C. P. R. base ball team. Mr. Wetmore regrets that his name was ever mentioned with the crowd, but having been selected to manage them he agreed to do so. His first act of authority was to change the position of some of the players, and this was resented with so much ill-feeling and unbecomingly jealousy that he cannot conscientiously act as their manager any longer. The members of the team take this disaster very philosophically and say that anyway Jack didn't know a three bagger from the give receipts. This is not supported by evidence.—St. John Star.

MONDAY'S DAILY.

Major General Dandonaal, the new commandant of the Canadian militia, is expected to visit Fredericton, some time during the approaching autumn season to make an inspection of No 4 regimental depot. Newell and Joseph Sawle, two Indian belonging to St. Marys imbibed too freely of fire water on Saturday evening, and as a result of their indiscret conduct are now guests at the county board-house, Braswick street. They got into a fight on the reserve with some other Indians, and were arrested by Policeman Rideout and Andrew Farrell, son of the Indian Commissioner. Upon being arraigned in the police court this morning, they were questioned as to where and how they had obtained the liquor, but declined to give any information on the subject. Newell was fined \$10 for five days jail and the other \$15 for thirty days. Another drunk arrest Saturday night, forfeited a deposit of \$5.

The third yacht race of the local series was sailed on Saturday afternoon, and Coleman's Doreen again came out a winner. The weather was cloudy, with a light breeze, which made the conditions less favorable than in the last race. The Waspuk finished second, the Cygnet third, the Vera fourth and the Lark sixth. The Summer Girl was to have competed but was taken to Springhill by Frank Shute on the day preceding the race, and on the way home got stranded on a sand bar. She was successfully floated two hours afterwards, but reached here too late to take a hand in the contest. The Doreen has won two of the three races already sailed, the other having been taken by the Cygnet.

Corporal Bert Finmore of the 2nd C. M. R., who since returning from South Africa has been rusticated at Ormoco, had a rather amusing experience one day last week. He was starting down the road, near the hotel, when his attention was attracted by a woman's shrill voice calling frantically for help. Upon hastening to the place, whence the sound came, he met a middle aged woman in a great state of excitement, who gave him to understand that her husband was over near the edge of the clearing battling for his life with an enormous bear, and would be "killed" if help did not very soon reach him. Now Finmore was not spooling for a fight, but he was not going to stand by and see a fellow being torn to pieces if he could help it, so started off at once at the top of his speed for the rescue of the supposed bloody encounter. An American tourist who happened to be in the vicinity at the time, and had his fighting ire aroused also by the woman's frantic appeal, joined Finmore in the chase. Over half a mile of rough country separated them from the woods but it was covered in almost record time and they were not long in finding the object of their search. Sure enough the old hubby was having a struggle, but his antagonist was not a bear as they had been led to suppose, but a stubborn brindle heifer, which was making things very lively for him. Upon noticing the newcomers, he called out to them to "let down the bars" for him, a request which they meekly complied with, and withdrew from the scene in disgust. Bert says that in future he will treat a dear to all feminine cries for help.
