the smallest degrees of this error and so prescribe
the exact lenses suitable to your eyes—only the
most up-to-date methods used—no guess work.

fiting is not perfect unless the frames or mountings are properly ad-
justed, and that requires the expert hand. The beneficial effect of a
correct glass may be upset by an ill fitting frame. It has been my
special work for over twenty years to correct troubles emanating from
eyestrain, and placing the proper lenses in the most suitable and be-
coming frame or mountings. All my work is guaranteed.
